# Executive Summary

DRAFT

## Introduction

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

DRAFT

## **Description of the School**

**Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?**

Pompano Beach High School (PBHS) is a small public high school in the northeast corner of Broward County. It is a magnet school focusing on International Affairs with Information Technology. It has a total population of 1214 students (2015-2016 school year: 530 boys, 684 girls). The student population is 50.5% white, 22.4% black, 21.1% Hispanic, 2.14% multi-racial, 3.29% Asian, and 0.24% Native American. Students need to maintain an unweighted 2.5 grade point average (GPA) in order to remain a student in good standing at the school.

PBHS has 56 faculty members (30 females, 26 males). Over 62.5% are white, 14.28% are black, 23% Hispanic, and 0.01% Asian. Three of the faculty have Ph.D. degrees. The school is within a diverse working middle-class community.

## School's Purpose

**Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.**

Vision Statement: Academic Excellence - Global Vision - Unlimited Future

Mission Statement: Pompano Beach High School provides a safe learning environment where students acquire skills to be competitive in the global community and develop into good citizens and lifelong learners.

Beliefs: Education provides a foundation for lifelong learning and responsible citizens. Education is a shared responsibility of the home, school, and community. PBHS staff is committed to providing a rigorous and challenging curriculum. All students deserve an equal opportunity for a quality education. Students need to utilize essential knowledge and skills to reason, solve problems, and develop their potential. Every person is valued and in turn respects others. Every person has the responsibility for his/her own learning.

Students at PBHS have unlimited access to rigorous course offerings such as Honors, Advanced Placement, and Dual Enrollment. Our magnet requirements surpass those of a standard 24-credit diploma aligning with competitive universities across the nation. PBHS requires the academic core all four years as well as three credits of a World Language and three credits of a technology program that lead to industry certification. PBHS embodies its vision, mission, and beliefs by the international service opportunities it affords its students. These include reforestation in Costa Rica and cultural exchanges with China. PBHS gives back to the community through book, food, and blood drives as well as tutoring elementary school students via the Pompano Beach Elementary School Teaching Assistant (PBES-TA) program. PBHS supports the whole child with an offering of over 50 co-curricular activities, e.g. art, athletics, debate, music.

## **Notable Achievements and Areas of Improvement**

**Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.**

Pompano Beach High School is the second oldest high school in Broward County. Though it was closed for approximately twelve years, it reopened in 1997 as the first all-magnet school offering a curriculum specializing in International Affairs with Information Technology. PBHS is ranked as the number one high school in Broward County in total school grade component points. Our students consistently score higher than district, state, and national averages on Advanced Placement, SAT, and ACT assessments.

This magnet has been reinvigorated with recent educational travel by students and teachers to Costa Rica, Poland, China, Switzerland, and Italy. Pompano Beach High School has also hosted students and teachers from abroad and has had two international summits with students and teachers participating from various parts of the globe in person or via Skype.

Additionally Pompano Beach High School has many active organizations for students to join. Each club has its own mission and purpose, but with a common goal to bring students together based on their interests. These opportunities have allowed PBHS students to earn recognition for their accomplishments in many diverse areas. These honors include: Florida Council of Teachers of English Award for Top Non-Fiction Writer (Grades 10-12) in the State, History Fair Winners - Individual, Website 1st Place, Honorable Mention, Group Website 1st Place, and Honorable Mention.

The National English Honor Society collected more than 1400 books for PBES and PBMS. The World Language Department has consistently participated in the district's World Language Competition, oftentimes coming in first or second. The Environmental Club planted five Poinciana trees for Arbor Day with City of Pompano Beach and partnered with Pompano Beach Elementary School to expand the recycling project.

The Green Team received a Butterfly Garden Grant completed through Broward Beautiful. They also designed and built an outdoor classroom with grant through local bank. This outdoor classroom comfortably seats over 30 students and is ideally located between the elementary school and the high school and is used by both.

The Science National Honor Society won 2nd place American Water Works Annual Water Tower Competition. It has partnered with Pompano Beach Elementary in the Broward Air Quality Index School Flag Program. It has also partnered with the elementary school in the worldwide GLOBE program for daily environmental sampling for global warming and in SECME engineering competitions. The Science National Honor Society has also participated in the Florida Student Astronaut Challenge (earning 5th place in the process).

The National Art Honor Society has toured facilities of United Cerebral Palsy of South Florida day care facilities in Davie and gave a gift of an electronic art book featuring art museums around the world for virtual touring by the handicapped children and adults in the program. Student art work has been accepted into High School All Stars Art Exhibit at Broward College. AP art students' work was selected for the Superintendent's Gallery Exhibit this year.

PBHS, through the vision of one of its faculty members, has instituted a Young Scholar Academy wherein gifted students from various middle and elementary schools throughout the county participate in enrichment activities one Friday a month during the school year and a two-week summer camp. Because of its success, another school replicated it in the south portion of the county.

PBHS uses a continuous improvement model: Plan, Do, Study, Act. Data analysis drives the identification of areas where improvement is needed and where professional development is warranted.

## **Additional Information**

**Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.**

The Pompano Beach High School Teacher Assistants program offers a select group of PBHS students the opportunity to explore a career in academia by assisting Pompano Beach Elementary School teachers. The high school students provide academic support for teachers and are involved in tutoring, mentoring, and teaching elementary school students. The Pompano Beach High School Teacher Assistants are given reading assignments via Edmodo that explore a variety of teaching strategies that students may incorporate in their elementary school classes. The program plans to expand to include a quarterly colloquium on current trends in education.

Pompano Beach High School with over 50 clubs ranging in interest from Anime to Student Government offer students a wide variety of co-curricular activities to develop personal interests and encourage leadership.

Under the SMART (Safety, Music & Art, Athletics, Renovation, Technology) Bond Initiative, the over \$3 million allocated to Pompano Beach High School will be used to upgrade technology, including new laptops for teachers, laptop carts for classroom use, and upgraded music instruments and equipment.

Pompano Beach High School is currently repurposing its media center. After an informal survey and an analysis of data which showed that very few students had checked out books from the media center within the last two years, it was decided that the media center needed a change to reflect the needs of the 21st century student. Students and staff were invited to take part in an open discussion on how best to use the space. The general consensus seemed to be that non-fiction was readily and more accurately available online. The media center will therefore be repurposed with moveable chairs and tables to form different configurations to allow for small or large group work. E-books, instead of the traditional paper copies, will be made more readily available. A variety of seating arrangements, access to power outlets, WiFi, and the inclusion of a beverage area will give it the feel of a cyber café. This new repurposing and reconfiguration will make the media center a hub of educational activity for students, teachers, and the community.

## Self Assessment

DRAFT

## **Introduction**

AdvancED's Self Assessment (SA) diagnostic is based on the AdvancED Standards of Quality, which serves as the foundation of the accreditation and continuous improvement process. The SA is a valuable tool for collaboratively engaging staff members and stakeholders in purposeful, honest dialogue and reflection to assess the institution's adherence to the Standards, and guide its continuous improvement efforts. The SA includes the institution's self-ratings of and the evidence cited for each of the indicators, comments that explain the indicator's ratings and an overall narrative for each Standard. The results of the SA are reviewed by the External Review Team as one essential component of the preparation process for the institution's External Review.

## Standard 1: Purpose and Direction

The school maintains and communicates a purpose and direction that commit to high expectations for learning as well as shared values and beliefs about teaching and learning.

Overall Rating: 3.33

Indicator	Statement or Question	Response	Evidence	Rating
1.1	The school engages in a systematic, inclusive, and comprehensive process to review, revise, and communicate a school purpose for student success.	The process for review, revision, and communication of the school's purpose is clearly documented, and a record of the use and results of the process is maintained. The process is formalized and implemented with fidelity on a regular schedule. The process includes participation by representatives selected at random from all stakeholder groups. The purpose statement clearly focuses on student success.	<ul style="list-style-type: none"> <li>•Examples of communications to stakeholders about the school's purpose (i.e. website, newsletters, annual report, student handbook)</li> <li>•Communication plan to stakeholders regarding the school's purpose</li> </ul>	Level 4

1.2	The school's leadership and staff commit to a culture that is based on shared values and beliefs about teaching and learning and supports challenging, equitable educational programs and learning experiences for all students that include achievement of learning, thinking, and life skills.	Commitment to shared values and beliefs about teaching and learning is evident in documentation and decision making. This commitment is regularly reflected in communication among leaders and staff. Challenging educational programs and equitable learning experiences are implemented so that all students achieve learning, thinking, and life skills necessary for success. Evidence indicates a commitment to instructional practices that include active student engagement, a focus on depth of understanding, and the application of knowledge and skills. School leadership and staff share high expectations for professional practice.	<ul style="list-style-type: none"> <li>•Agendas and/or minutes that reference a commitment to the components of the school's statement of purpose</li> </ul>	Level 3

## Accreditation Report

Pompano Beach High School

Indicator	Statement or Question	Response	Evidence	Rating
1.3	The school's leadership implements a continuous improvement process that provides clear direction for improving conditions that support student learning.	School leaders implement a documented, systematic continuous improvement process for improving student learning and the conditions that support learning. All stakeholder groups are engaged in the process. School personnel maintain a profile with current and comprehensive data on student and school performance. The profile contains analyses of data used to identify goals for the improvement of achievement and instruction that are aligned with the school's purpose. Improvement goals have measurable performance targets. The process includes action planning that identifies measurable objectives, strategies, activities, resources, and timelines for achieving improvement goals. School leaders hold all school personnel accountable for and evaluate the overall quality of the implementation of all interventions and strategies. The process is reviewed and evaluated. Documentation that the process yields improved student achievement and instruction is available and communicated to stakeholders.	<ul style="list-style-type: none"><li>•Survey results</li><li>•The school data profile</li><li>•Agenda, minutes from continuous improvement planning meetings</li><li>•Communication plan and artifacts that show two-way communication to staff and stakeholders</li><li>•The school continuous improvement plan</li></ul>	Level 3

Areas of strength include a committed faculty, focused student body, and strong administration. Specific areas of improvement include alignment of state standards with mandated textbooks. Professional development (QITs) along with peer collaboration helps to sustain our areas of strength. In order to improve the areas of need, we will focus on CARE: curriculum, assessments, remediation, and enrichment on a continuous improvement model.

## Standard 2: Governance and Leadership

The school operates under governance and leadership that promote and support student performance and school effectiveness.

Overall Rating: 3.17

Indicator	Statement or Question	Response	Evidence	Rating
2.1	The governing body establishes policies and supports practices that ensure effective administration of the school.	Policies and practices support the school's purpose and direction and the effective operation of the school. Policies and practices promote effective instruction and assessment that produce equitable and challenging learning experiences for all students. There are policies and practices regarding professional growth of all staff. Policies and practices provide requirements, direction for, and oversight of fiscal management.	<ul style="list-style-type: none"> <li>•Student handbooks</li> <li>•Governing body policies, procedures, and practices</li> <li>•Staff handbooks</li> <li>•Communications to stakeholder about policy revisions</li> </ul>	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.2	The governing body operates responsibly and functions effectively.	The governing body has a process to ensure that its decisions and actions are in accordance with defined roles and responsibilities, a code of ethics, and free of conflict of interest. Governing body members participate in a systematic, formal professional development process regarding the roles and responsibilities of the governing body and its individual members. The governing body complies with all policies, procedures, laws, and regulations and functions as a cohesive unit.	<ul style="list-style-type: none"> <li>•Governing body minutes relating to training</li> <li>•Communication plan to inform all staff on code of ethics, responsibilities, conflict of interest</li> <li>•List of assigned staff for compliance</li> <li>•Assurances, certifications</li> <li>•Communications about program regulations</li> <li>•Governing code of ethics</li> </ul>	Level 3

Indicator	Statement or Question	Response	Evidence	Rating
2.3	The governing body ensures that the school leadership has the autonomy to meet goals for achievement and instruction and to manage day-to-day operations effectively.	The governing body protects, supports, and respects the autonomy of school leadership to accomplish goals for improvement in student learning and instruction and to manage day-to-day operations of the school. Areas of strength include consistent, open, honest, and timely communication between administrators, staff, and community stakeholders. PBHS has School Advisory Council (SAC), Parent, Teacher, Student Association (PTSA), Athletic and Music Boosters, all actively involved in identifying areas of need and creating plans to meet those needs. This is evidenced by the strong support for a very successful International Summit. Educational (and student) representatives from Poland, France, Spain, and India participated in this auspicious event. School leaders also support innovation and collaboration among the staff. An example of this is the Young Scholar Academy (YSA). YSA is the SY 2016-2017

An important area of strength is the Professional Learning Communities known as Quality Improvement Teams (QITs) at PBHS. These teams meet every 2nd and 4th Tuesday of the month where data are discussed and instructional strategies are developed to ensure achievement of learning expectations. Data driven research along with peer collaboration help sustain these meetings. Monthly faculty meetings allow the sharing of best practices from different departments. Administrators, departments heads, and curriculum support personnel meet monthly and spend a day addressing the needs of the school community. Monthly department meetings allow time for department heads to share relevant findings from leadership team meeting. Student grades are an area in need of improvement. An action research committee is being formed to identify the goal, collect data, conduct research, develop a plan for small group implementation if needed, study and publish results.

## Standard 4: Resources and Support Systems

The school has resources and provides services that support its purpose and direction to ensure success for all students.

Overall Rating: 3.14

Indicator	Statement or Question	Response	Evidence	Rating
4.1	Qualified professional and support staff are sufficient in number to fulfill their roles and responsibilities necessary to support the school's purpose, direction, and the educational program.	Clearly defined policies, processes, and procedures ensure that school leaders have access to, hire, place, and retain qualified professional and support staff. School leaders use a formal, systematic process to determine the number of personnel necessary to fill all the roles and responsibilities necessary to support the school purpose, educational programs, and continuous improvement. Sustained fiscal resources are available to fund all positions necessary to achieve the purpose and direction of the school.	<ul style="list-style-type: none"> <li>•School budgets for the last three years</li> <li>•Policies, processes, procedures and other documentation related to the hiring, placement and retention of professional and support staff</li> <li>•Assessments of staffing needs</li> <li>•Documentation of highly qualified staff</li> </ul>	Level 4

## Standard 5: Using Results for Continuous Improvement

The school implements a comprehensive assessment system that generates a range of data about student learning and school effectiveness and uses the results to guide continuous improvement.

Overall Rating: 2.4

Indicator	Statement or Question	Response	Evidence	Rating
5.1	The school establishes and maintains a clearly defined and comprehensive student assessment system.	School personnel use an assessment system that produces data from multiple assessment measures about student learning and school performance. The system generally provides consistent measurement across classrooms and courses. Some assessments, especially those related to student learning, are proven reliable and bias free. The system is evaluated for effectiveness in improving instruction, student learning, and the conditions that support learning.	<ul style="list-style-type: none"> <li>•Documentation or description of evaluation tools/protocols</li> </ul>	Level 2

Use language from the performance level descriptions to guide your writing. Cite sources of evidence External Review team members may be interested in reviewing.**

Strengths noted include the use of data by administration and many staff members. The weakness is the need for all faculty and staff members to be trained in the proper use, evaluation, and interpretation of data. PBHS has a plan to develop an interactive database by the Student Assessment Specialist to allow ease of use for faculty members to access data. Because of the new Florida Standards Assessments and the redesigned SAT and PSAT, accessing data has been challenging.

# Stakeholder Feedback Diagnostic

DRAFT

## **Introduction**

The Stakeholder Feedback Diagnostic is designed to analyze the institution's survey results in terms of areas of achievement and areas that need improvement. Further, the diagnostic is essential to the accreditation and continuous improvement processes in that it provides the institution with a comprehensive view of the aggregate scores of the surveys administered, and the actual total of respondents for each survey type to derive a single score for this diagnostic. The performance level score computed at the completion of the diagnostic is used to broaden and enhance the external review team's understanding of the stakeholder's perceptions of the institution; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

## Evaluative Criteria and Rubrics

Overall Rating: 4.0

	Statement or Question	Response	Rating
1.	Questionnaire Administration	All required AdvancED questionnaires were used by the institution to receive stakeholder feedback. The minimum response rate for each population was met (parent questionnaire: equal to or greater than 20%, student questionnaire(s): equal to or greater than 40%, staff questionnaire: equal to or greater than 60%). Questionnaires were administered with complete fidelity to the appropriate administrative procedures. In every instance, the stakeholders to whom these questionnaires were administered fully represented the populations served by the institution. Appropriate accommodations were provided as necessary for all participants.	Level 4

	Statement or Question	Response	Rating
2.	Stakeholder Feedback Results and Analysis	Two or more of the stakeholder questionnaires had average item values of 4.30 or higher (on a 5.0 scale). All questionnaires had an average item value of 3.20 or above (on a 5.0 scale). Results of stakeholder feedback collected by the institution were well analyzed and clearly presented.	Level 4

## Areas in Need of Improvement

**Which area(s) indicate the overall lowest level of satisfaction or approval?**

The area indicating the overall lowest level of satisfaction is Teaching and Assessing for Learning.

**Which area(s) show a trend toward decreasing stakeholder satisfaction or approval?**

The area showing a trend toward decreasing stakeholder satisfaction is Using Results for Continuous Improvement.

**What are the implications for these stakeholder perceptions?**

All areas reflect increased satisfaction.

**Which of the above reported findings are consistent with findings from other stakeholder feedback sources?**

All of the findings are consistent with other feedback sources.

# Student Performance Diagnostic

DRAFT

## **Introduction**

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

## Evaluative Criteria and Rubrics

Overall Rating: 3.5

	Statement or Question	Response	Rating
1.	Assessment Quality	The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the entire set of curricular aims regarded as high-priority, "must accomplish," instructional targets. The documentation provided in support of this alignment is persuasive. All of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements such as validity, reliability, absence of bias, and instructional sensitivity.	Level 4

	Statement or Question	Response	Rating
2.	Test Administration	All the assessments used by the institution to determine students' performances, whether externally acquired or internally developed, have been administered with complete fidelity to the administrative procedures appropriate for each assessment. In every instance, the students to whom these assessments were administered are accurately representative of the students served by the institution. Appropriate accommodations have been provided for all assessments so that valid inferences can be made about all students' status with respect to all of the institution's targeted curricular outcomes.	Level 4

	Statement or Question	Response	Rating
3.	Quality of Learning	Evidence of student learning promoted by the institution is well analyzed and clearly presented. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is substantially greater than what would otherwise be expected.	Level 4

	Statement or Question	Response	Rating
4.	Equity of Learning	Evidence of student learning indicates achievement gaps exist among subpopulations of students, and these achievement gaps demonstrate a modest decline.	Level 2

## Areas of Notable Achievement

**Which area(s) are above the expected levels of performance?**

Algebra 2 is an area that scored above the expected level of performance with 66.5% proficiency.

**Describe the area(s) that show a positive trend in performance.**

Continued strong scores across ELA 9-10, Alg 1, Geo, and Alg 2.

**Which area(s) indicate the overall highest performance?**

The overall highest level of performance was in the total ELA tested, which was 89.5% proficient.

**Which subgroup(s) show a trend toward increasing performance?**

Hispanic Males from 84.8 (ELA) to 91.4.

**Between which subgroups is the achievement gap closing?**

Between the Hispanic females and white females.

**Which of the above reported findings are consistent with findings from other data sources?**

Common assessment is generally aligned with FSA results.

## Areas in Need of Improvement

### Which area(s) are below the expected levels of performance?

10th grade ELA from 90.3 in 2015 to 86.2 in 2016 are below the expected levels of performance.

### Describe the area(s) that show a negative trend in performance.

Black student scores in 9th grade decreased in Alg1 from 85.2 in 2015 to 57.1 in 2016.

### Which area(s) indicate the overall lowest performance?

Algebra 2 (66.5). Note that this level of performance is above the state and district average due to the level of rigor and critical thinking necessitated for the course.

### Which subgroup(s) show a trend toward decreasing performance?

Generally black students showed a trend toward decreasing performance.

### Between which subgroups is the achievement gap becoming greater?

Between black and white students.

### Which of the above reported findings are consistent with findings from other data sources?

Other data sources not yet available.

## AdvancED Assurances

DRAFT

## Introduction

AdvancED Policies and Procedures outline certain requirements that all institutions must meet in order to be in compliance. Institutions are required to verify whether or not they meet these requirements by answering a series of questions and in some cases, attaching evidence for review.

By responding to the questions in ASSIST and attaching evidence when required, the institution has verified whether it meets or does not meet each of the Assurances for Accreditation.
