

Terms Panels Mapped to Data Warehouse

Note: The fields are listed alphabetically by the help screen name, i.e. the name that comes up if you position your cursor on a field and press F1. Many times the name you see on TERMS is an abbreviation of the help screen name, since names must be abbreviated to fit everything on the screen. Here the abbreviated names are shown in parentheses after their help screen names, e.g. Term (T), Birth Date (DOB).
