

IMPORTANT BROWSER INFORMATION

Please follow these steps to ensure your Mozilla FireFox browser is retrieving information from the server:

- 1) Select "Tools" for the top menu.
- 2) Select "Clear Private Data...Ctrl+Shift+Del"
- 3) A box will display on your screen (see below).
- 4) Make sure all check boxes are selected. Especially Cache and Cookies.
- 5) Press the "Clear Private Data Now" button.
