## **Presentation**

Staff Development via Video Tutorials with  
Accountability and Reporting

## **Presenter**

Steve Mosher

Instructional Technology Specialist

Broward County School District

[steve.mosher@browardschools.com](mailto:steve.mosher@browardschools.com)

## **Day**

Friday, January 26

## **Time**

3:10 pm to 4:05 pm

## **Location**

Room S210C

In this presentation, Steve Mosher, an Instructional Technology Specialist from Broward County Public Schools, will discuss how the 6th largest school district in the country effectively and affordably delivers quality staff development to teachers and prepares students for our technology-infused world.

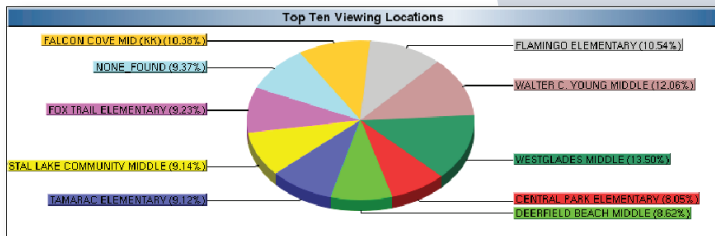

Broward County Department of Instructional Technology  
Dr. Jeanine Gendron, Director  
754-321-0475

Learn how one of the largest school districts in the nation implemented a successful technology training program for over 275,000 teachers and students.

- How to effectively train teachers on current technology
- How to effectively incorporate technology into the classroom
- How to address many different skill levels when training teachers
- How to deliver training in a cost-effective manor – 24/7
- How to ensure technology training is measurable for accountability
- How to provide real-time feedback to school administrators

If your school district is facing any of these challenges with professional development and technology literacy, plan to attend this informative, innovative presentation.

The presentation includes the **Atomic Learning** solution to creating, storing, delivering and tracking video content. Also included is a live demonstration of how to create video tutorials.
