**Course Title:** English Honors II (H)  
**Course Number:** 1001350  
**Credit:** 1.00  
**Grade Level:** 9-12

**Major Concepts/Content**

English Honors II promotes excellence in English language arts through the study of world literature . This course provides instruction in universal themes found in world literature as well as in the critical analysis of various genres in that literature. Composition instruction emphasizes the creative, technical, and traditional academic modes of writing through the writing process (prewriting, drafting, revising, editing, and publishing); frequent timed and untimed practice is provided. The study of language includes usage, mechanics, and other conventions of standard written English as they relate to students' writing. Formal and informal speaking opportunities are provided. Vocabulary study is done in conjunction with reading and literature. Technology is incorporated into all aspects of the course.

**PREREQUISITE:** See placement chart.

**Course Title:** English III  
**Course Number:** 1001370  
**Credit:** 1.00  
**Grade Level:** 10-12, 30, 31

**Major Concepts/Content**

English III provides instruction in the Language Arts strands of reading process, literary analysis, writing process, writing applications, communication, and information and media literacy. Composition instruction includes frequent practice in writing various types of multi-paragraph papers, including documented papers/projects. Referencing and summarizing skills will be stressed as well as all phases of the writing process (prewriting, drafting, revising, editing, and publishing). This study will include the analysis of representative examples of American literary works in various genres, as they illustrate distinctive national qualities and the ethnic and cultural diversity of the American experience. Vocabulary, grammar, and usage are studied in conjunction with literature and writing. Listening, speaking, researching, and writing assignments are related to the study of American literature when appropriate. Technology is incorporated into all aspects of the course.

**Course Title:** English IV  
**Course Number:** 1001400  
**Credit:** 1.00  
**Grade Level:** 11-12, 30, 31

**Major Concepts/Content**

English IV provides instruction in the critical analysis of representative examples from British literature, as they reflect changes in the language and the development of the literary traditions of the English language. Writing experiences are structured to provide practice in real-life writing situations likely to be encountered beyond secondary school, including technical, creative, and traditional academic modes. Opportunity is provided to extend speaking, researching, and listening skills. Content includes instruction in vocabulary strategies and reading necessary for comprehension of printed materials. Technology is incorporated into all aspects of the course.

**Course Title:** English Honors IV (H)  
**Course Number:** 1001410  
**Credit:** 1.00  
**Grade Level:** 11-12

**Major Concepts/Content**

English Honors IV promotes excellence in English language arts through enriched experiences in communication skills and instruction in the literature of Great Britain. Instruction will cover the written and oral analysis of major British literary works of various genres in relationship to cultural influences and to the development of the literary traditions of the English language. Writing assignments will develop students' abilities to interpret literature and analyze it critically. All phases of the writing process will be utilized where appropriate (prewriting, drafting, revising, editing, and publishing). Students will also extend their speaking, researching, and listening, skills. Language study should include vocabulary and grammar in the context of literature and writing and an overview of the history of the language as reflected in literature. Technology is incorporated into all aspects of the course.

**PREREQUISITE:** See placement chart.

**Course Title:** Advanced Placement English Language and Composition (AP)  
**Course Number:** 1001420  
**Credit:** 1.00  
**Grade Level:** 10-12

**Major Concepts/Content**

The course provides a study of the semantic, structural, and rhetorical resources of the English language as they relate to the principles of effective writing. Examples of prose from various fields and periods serve as models of effective writing. This course provides a variety of writing opportunities that require the use of different styles and tones. Students develop individual writing styles adaptable to writing needs in college. Students are expected to take the Advanced Placement examination offered by the College Board.

**Course Title:** Advanced Placement English Literature and Composition (AP)  
**Course Number:** 10014300  
**Credit:** 1.00  
**Grade Level:** 11-12

**Major Concepts/Content**

This course involves students in the study and practice of writing and in the study of literature. Students learn to use the modes of discourse and to recognize the assumptions underlying various rhetorical strategies. Students acquire an understanding of the resources of the language and an understanding of the writer's craft through the study of poetry, drama, fiction and expository prose. Students develop critical standards for the analysis of any literary work and increase their sensitivity to literature as shared experience. Students are expected to take the College Board examination for Advanced Placement English Composition and Literature.

**Course Title:** AICE English Language  
**Course Number:** 1001550  
**Credit:** 1.0  
**Grade Level:** 10-12

**Major Concepts/Content**

The purpose of this course is to provide students with an understanding of the semantic, structural, and rhetorical resources of the English language as they relate to the principles of effective writing. The course also provides a variety of writing opportunity calling for the use of different styles and tones. The content should include, but not be limited to the following: understanding the power of language as it impacts readers, writers, listeners, viewers, speakers, and society as a whole; responding critically and aesthetically to fiction and nonfiction; the content specified by the Advanced International Certificate of Education program. The AICE is an international pre-university curriculum and examination system administered by the Local Examinations Syndicate at the University of Cambridge. The AICE courses include embedded assessments and an internationally scored end-of-course assessment.

**PREREQUISITE:**

**Course Title: Pre-AICE English Literature (H)**

**Course Number: 1005380**

**Credit: 1.0**

**Grade Level: 9-10**

**Major Concepts/Content**

The purpose of this course is to enable students to communicate accurately, appropriately and effectively in speech and writing. Students will study in detail texts from a variety of genres, including poetry, prose and drama. The selections will explore areas of universal human concern, thus leading to a greater understanding of themselves and others. The content is specified by the Advanced International Certificate of Education. The AICE is an international pre-university curriculum and examination system administered by the Local Examinations Syndicate at the University of Cambridge. The AICE courses include embedded assessments and an internationally scored end-of-course assessment.

**Course Title:** AICE English Literature II  
**Course Number:** 1005375  
**Credit:** 1.0  
**Grade Level:** 11-12

**Major Concepts/Content**

The purpose of this course is to encourage an appreciation of and an informed personal response to literature in English in a range of texts in different forms and from different periods and cultures. Students will develop the interdependent skills of reading, analysis and communication. Students will also develop effective and appropriate communication through wider reading and an understanding of how reading may contribute to personal development. The content should include, but not be limited to, the following: completing an in-depth study of literary works and authors selected from the Advanced International Certificate of Education list of prescribed texts and authors for Literature in English. This course is designed to follow AICE English Literature I as a staged route to an Advanced Level (A Level) qualification by first taking an Advanced Subsidiary (AS Level) examination. The AICE courses include embedded assessments and an internationally scored end-of-course assessment.

**PREREQUISITE:** *AICE English Literature I*

**Course Title: Contemporary Literature Honors (H)**

**Course Number: 1020840**

**Credit: 1.00**

**Grade Level: 9-12**

**Major Concepts/Content**

This course includes a study of works of major contemporary writers as they reflect modern culture—its characteristics, problems, and values. Students will read contemporary fiction, poetry, drama, and nonfiction with emphasis on theme, style, characterization, and critical analysis. All of the Language Arts strands (reading process, literary analysis, writing process, writing applications, communication, and information and media literacy) are covered in this course. Frequent writing experiences will be based upon literature read in the course.

**PREREQUISITES: One English credit.**

**Course Title:** World Literature Honors (H)  
**Course Number:** 1020850  
**Credit:** 1.00  
**Grade Level:** 9-12

**Major Concepts/Content**

The purpose of this course is to provide integrated educational experiences in the language arts strands of reading process, literary analysis, writing process, writing applications, communication, and information and media literacy with an emphasis on Western and Eastern literature. Technical, informative, and literary texts will be included. The writing process (prewriting, drafting, revising, editing, and publishing) will be used to meet the needs of a variety of audiences, writers, and types of information being communicated. Students will be given the opportunity to select and use a variety of electronic media to create, revise, retrieve, and verify information.

**Course Title: Great Books Honors (H)**  
**Course Number: 1020860**  
**Credit: 1.00**  
**Grade Level: 11-12**

**Major Concepts/Content**

This course emphasizes the study of Western and Eastern literature representative of particular cultures and world literary movements from ancient times to the present. Selections include fiction, nonfiction, and poetry chosen on the basis of relationships to cultural, social, and literary ideas as well as contemporary concerns of students. The seminar-based discussions link each literary selection to appropriate lectures and readings in philosophy. Both formal and informal papers are based upon the literature.

## **ELECTIVE COURSES**

**Course Title:** AICE General Writing Paper

**Course Number:** 1009360

**Credit:** 1.0

**Grade Level:** 9-12

### **Major Concepts/Content**

The AS General Paper is multi-disciplinary, its subject matter drawn from across the curriculum. The syllabus encourages in candidates the ability to make cross-curricular links; to develop a maturity of thought appropriate to students at this level; and to achieve an understanding and usage of the English language which enables them to express arguments, ideas and opinions in a reflective and academic manner. An awareness of the wider implications of particular issues will enhance the quality of the candidate's response to the question set. However, the AS General Paper is not a test of general knowledge. The key objective must be for the candidate to convey information or opinion in a way that is thoughtful, perceptive and immediately intelligible to the reader.

### **PREREQUISITE:**

**Special Notes:** *To be used at Ft. Lauderdale High School only.*

**Course Title:** Intensive Writing  
**Course Number:** 1000420  
**Credit:** 1.0  
**Grade Level:** 9 – 12

**Major Concepts/Content**

The course places special emphasis on the writing process (prewriting, drafting, revising, editing, and publishing). Instruction will be given on reading, analyzing, responding and using as models a variety of written materials, including literary, rhetorical, and technical forms. Special emphasis will be on the impact of subject, occasion, audience, purpose, and speaker in writing. The conventions of grammar and usage will be taught in the context of writing. Students will be exposed to peer review techniques and will have practice on both timed and untimed writings.

**Course Title: Radio Broadcasting II**  
**Course Number: 11003800**  
**Credit: 1.00**  
**Grade Level: 9-12**

**Major Concepts/Content**

This course builds on the skills taught in Radio Broadcasting I. In addition, the student will learn the following: critical analysis of copy for broadcasting, production of public service announcements, basic understanding and operation of audio-engineering equipment, and evaluation of the appropriateness of popular music for airplay on a noncommercial, educational radio station. In addition, the student will be expected to obtain an FCC operator's license and complete the documents necessary to maintain an FCC noncommercial, educational radio station.

**PREREQUISITE: Two credits in radio broadcasting.**

**Course Title:** Screenplay Writing  
**Course Number:** 1009340A  
**Credit:** 1.00  
**Grade Level:** 9-12

**Major Concepts/Content**

The purpose of this course is to prepare students to write original screenplays for both television and film. Students will examine the tools of film and ways the writer of the screenplay uses those tools to communicate original ideas. This course will emphasize developing original scripts that are producible in a high school television studio, although consideration will also be given to writing for the movie industry as well. The content will include the acquisition of a working knowledge of film terminology, utilizing the dramatic mode of presentation, understanding the screenwriting process, and marketing the script through agents, contacts, contests, and other sources.

**Course Title: International Baccalaureate – Film Studies**

**Course Number: 0107470**

**Credit: 1.0**

**Grade Level: 9-12**

**Major Concepts/Content**

This course aims to develop students in the skills necessary to achieve creative and critical independence in their knowledge, experience and enjoyment of film. Students taking this course will eventually demonstrate the ways in which film creates meaning by developing an idea from conception to finished production. Students will also learn to respond analytically to film texts, and they will gain a critical understanding of the historical, sociocultural, economic and institutional contexts of film in more than one culture.

**PREREQUISITE: Acceptance to the International Baccalaureate Program.**

**Special Note: For magnet IB programs only.**
