

Broward Virtual School

Broward County students have the opportunity to take courses for middle and high school credit taught online by Broward County teachers. Florida Legislators have made virtual education a component of parent/student choice. Broward Virtual School (BVS) has franchised the award-winning program for online learning from the Florida Virtual School, sponsored by the State of Florida. All courses are based on the Sunshine State Standards and the curriculum is directly linked to the benchmarks established by the Florida Department of School. Students may learn wherever they are, whenever they choose, maintaining a specified course pace.

Students will use the Internet to participate in a learning experience quite different from the traditional school classroom. BVS serves full-time students as well as students who take courses at traditional high and middle schools. Broward County Schools will offer courses not otherwise available to students at their schools, such as select Advanced Placement classes. Any student eligible to enroll in a Broward County middle or high school may select the online environment. Successful online students are self-disciplined, motivated to learn, possess time management skills, and 21st century technology skills.

Course Offerings

Students may register for any BVS course offering (contingent upon availability and parent and counselor approval). For further information, please visit our website: www.bved.net or call 754-321-1100.

Broward Virtual School Course Offerings 2010-2011
