

ELEMENTARY MATHEMATICS

WHAT ELSE IS NEW FOR 2008-2009?

- 🍏 New Mathematics Standards for grades K–5
 - Grades K and 1 must implement the new standards beginning August 2008
 - Grades 2–5 must teach both the old and the new standards until the 2010–2011 school year (FCAT Math Test items will assess the old standards until 2010-2011)
- 🍏 New K–5 transitional curriculum maps and K-1 pacing charts reflecting the new standards
 - Utilizes Calendar Math and Daily Questions for ongoing spiral instruction of all standards
- 🍏 New staff development
 - New Standards (Big Ideas)
 - Math Lessons for Promethean Users
 - Differentiated Instruction
 - Singapore Math
 - CRISS for Elementary Math
- 🍏 Revised 2008–09 Struggling Mathematics Chart (includes new intervention and technology resources)
- 🍏 Elementary Math Contact Seminar C at Rock Island Professional Development Center
 - Aug 14—8 am South Area
 - Aug 14—12 pm South Central Area
 - Aug 15—8 am North Area
 - Aug 15—12 pm North Central Area

WHAT YOU NEED TO DO?

- 🍏 Encourage teachers to attend mathematics staff development.
- 🍏 Implement new standards in grades K and 1.
- 🍏 Teach both the old and new standards in grades 2–5.
- 🍏 Utilize the new transitional curriculum maps and pacing charts.
- 🍏 Expand technology in the classroom (National Library of Math Manipulatives, Harcourt Math online, etc).
- 🍏 Access the Elementary Math CAB site for important documents and latest information.

WHAT WILL HAPPEN IF YOU DON'T?

- 🍏 Student achievement will be impacted.

WHO NEEDS TO KNOW?

- 🍏 School Administrators, Mathematics Coaches, Elementary Math Contacts, Teachers

HOW WILL YOU COMMUNICATE FOLLOW-UP?

- 🍏 Faculty meetings
- 🍏 Grade level meetings
