

## Teacher Web Pages

### WHAT'S NEW FOR 2008-2009?

- As part of the Strategic Plan for Technology, the implementation of *Teacher Web Pages* is addressed. The goal is to provide teachers with the ability to easily create web sites that would be used for communication and information sharing with students and their parents/guardians. To meet this goal, the District procured an easy to use teacher web page creation tool that is part of the CAB email. Because the tool is an extension of CAB that is already familiar to teachers, the learning curve is on the “entry” level.

### WHAT YOU NEED TO DO?

- Schools that are interested in participating in a program to roll-out the Teacher Web Pages system to their staff should complete the application to participate which will be sent to the Principals.

### WHAT WILL HAPPEN IF YOU DON'T?

- If application is not received by the deadline, schools will need to wait until the next application period to be considered for implementation.

### WHO NEEDS TO KNOW?

- Principals, Teachers, Technology Support Staff

### HOW WILL YOU COMMUNICATE FOLLOW-UP?

- Further communication will be distributed through the CAB email system and via the following web site:
- <http://www.broward.k12.fl.us/it>
