

POLICY 5.5: ATTENDANCE

WHAT'S NEW FOR 2007-2008?

- Policy 5.5 is currently being looped for input on two questions:
 - The number of days each quarter that a student may be absent, and
 - The absences that will be counted towards this accumulation
- Looping information and back-up documentation is available on the District's website
- Efforts are being made to relieve schools of overly tedious attendance recording processes

WHAT YOU NEED TO DO?

- Notify your staff and parents of the looping process
- Facilitate the parent groups' meeting to encourage participation in the looping process
- Use the video provided by broadcasts from BECON whenever you are asking for input
- Complete the looping process with your staff
- Provide your input at your principal level meeting
- Report your staff's input to the School Social Work and Attendance Dept. by May 4, 2007

WHAT WILL HAPPEN IF YOU DON'T?

- Your parents and staff will not have input in the final revision of the policy.
- School Board members will not have a clear idea of our stakeholders input.

WHO NEEDS TO KNOW?

- Parents and School staff

HOW WILL YOU COMMUNICATE FOLLOW-UP?

- Principal memos, principal meetings, and BECON
