Advocacy Workshop

Broward County Council of PTAs and the District Advisory Council invites you to "Celebrate the Parent Voice"

Broward County PTA and the District Advisory Council are pleased to invite you to an Advocacy Training workshop. National PTA through a grant from the Gates Foundation has trained a core group of leaders to develop and extend the advocacy skills of its members. This provides Broward PTA with the opportunity to train our grassroots leaders to use their voices effectively as advocates for children. This advocacy training is designed for use in any and all issues that affect our children, at the local, state or national levels. This grassroots advocacy training and accompanying materials have been developed by National PTA.
