

Good Afternoon STEMASTIC Apollo Rocket Teachers,

The following is the computer/laptop assignments for next week's 6th Grade BAFS Testing. Please have a student deliver your cart to the assigned room tomorrow by 6th period if it is not there already. The computer lab behind the Media Center as well as the Lab in Room 162 will be used for testing. Please do not bring/allow students to use these computers after tomorrow (Friday). The laptop carts will stay in your assigned room until testing is finished on Friday, 1/29/16. Please be sure to keep them plugged in and charging over night. I will send a list by Wednesday (1/27) of where the laptop carts will be delivered for the following weeks testing schedule. If you have any questions or concerns, please let me know. Have a fantastic day.
