Introduction

AdvancED's Self Assessment (SA) diagnostic is based on the AdvancED Standards of Quality, which serves as the foundation of the accreditation and continuous improvement process. The SA is a valuable tool for collaboratively engaging staff members and stakeholders in purposeful, honest dialogue and reflection to assess the institution's adherence to the Standards, and guide its continuous improvement efforts. The SA includes the institution's self-ratings of and the evidence cited for each of the indicators, comments that explain the indicator's ratings and an overall narrative for each Standard. The results of the SA are reviewed by the External Review Team as one essential component of the preparation process for the institution's External Review.

Student Data is continuously reviewed and analyzed. Teachers review data from multiple sources such as BASIS, Virtual Counselor, PSAT, PERT, SAT/ACT, AP scores, and summative assessments. Teachers use common assessments to consistently measure student achievement.

Teachers understand the importance of student data. They look at student data, however, it is important to understand the specifics necessary to evaluate and use the data. Professional development in data analysis would assist teachers in developing instructional strategies that promote student achievement. Through our professional learning communities our focus will continue to be on data analysis and the instructional strategies that promote student achievement.
