Agenda

Amanda Soeder, Lori Tobias, Dr. Cooper, and Mr. Gerlach

- I. Welcome/IntroductionMs. Soeder**
Brainstorming about attendance, had the incentive of VIP but still didn't get an interest. Posted on Twitter and had a parent link.
- II. SAC Update..... Mr. Gerlach**
Next meeting is January 8th at 3:30pm when we come back from break. Trying to find ways to make parents more involved. Ideas: food for parents? Child care provided? Flexible timing?
- III. DBES Aftercare Report..... Mr. Gerlach**
Mr. Gerlach discussed the on-site after school child care assessment. Our aftercare scored a Satisfactory and Exemplary classifications on all the quality standards. Overall pleased with the results, and an area of concern was clarification of schedules.
- IV. DBES Data.....Mr. Gerlach (5 minutes)**
-Based on School City and first 3 ELA Cluster assessments that have covered all Lit and NF standards we have the following progress:

-Percentage of students currently projected at a level 2 or higher:

3rd - 51.6%

4th - 63.8%

5th - 49%

-Lowest quartile in ELA is a concern with only 14% showing potential learning gains at this point

-Based on 2 School City Math assessments that have covered the standards that have been taught in each grade level, we have the following progress:

-Percentage of students currently projected at a level 2 or higher:

3rd - 77.5%

4th - 81.7%

5th - 71.1%

-Lowest quartile in Math is currently at 36.4% showing potential learning gains at this point.
