b. School Choice Enhancement Program.

Committee discussed and reviewed options for the development of the ballot that would encompass the funds that need to be used. Marlene Gabby from the district was present to provide guidance and support in this area. She reiterated that the ballot needs to develop according to district guidelines and that she would be the point person.

i. Develop Ballot

Mrs. Carro shared and reviewed what needed to be built into the ballot development based on input from the committee in March. Quotes were obtained which are good for 30 days. Committee members agree that security enhancements are a big part. Second would be a single point entry. These were shared with SAC. Per guidelines: Option 1 and Option 2 on the ballot should differ. Should put them in order of preference. Cost is also included/listed. Mrs. Gabby provided recommendations for formatting the ballot. Also, we were reminded that all of the monies must be spent. Each child in a family gets a ballot to vote and every staff/faculty also gets a vote. Sample ballot was shared. Committee made revisions/changes to sample ballot and developed the following ballot.

1. Single point of entry Security Enhancements \$21,984
