Reports

Mr Barrow's Report: 6:23pm

- A discussion on vape pens in schools took place during the last Central Area Advisory meeting. The board will vote on this during the next board meeting.
- Brian Katz, Chief of Safety, spoke about some ideas for improvements to the district such as: stop and search, metal detectors, random searches, and utilizing K9 units. If we want to discuss any of these initiatives and speak our minds as to whether we agree with them or not we have to get involved and email Mr. Katz: Brian.Katz@browardschools.com
- The creators of the Safer Watch app were available for comment during the last meeting. They discussed how the application works and how they are improving upon it day by day. Some instances of lack of service happen when a school is not directly serviced by Broward Sheriff's Office. They are working now with local agencies to add more usability to the app.
- We need to be active as a community and speak up when we don't feel like our needs are being met or our voices being heard. Call and email any of your board members. I encourage everyone to get on the email list for Central Area Advisory even the students, we want to know what our students need and what bothers them today.
- We should have more preventative measures rather than reactionary ones like K9 units in the schools. They talk about bringing in counselors for students to deal with the stress of having K9 searches but lets bring the counselors in before we need the K9 searches to get to the root cause. The more we speak and the louder we are the more we can change the way things are in our schools.
- End Report 6:40pm.

Old/New Business: 6:13pm

No Old/New Business
