*** Note: When the District's Schools and Administrative Offices are closed all corresponding activities will not be scheduled.**

Whereas Broward County voters approved a levy of ad-valorem taxes for teacher and school related (non-administrative) staff compensation, security, and essential programs in a referendum on August 28, 2018,

And the Broward County School Board approved on June 26, 2018:

Intended Allocation of Funds Generated by the August 28, 2018 Referendum

The School Board intends to allocate: (1) 72 percent or more of all available funds for compensation of teachers and school related (non-administrative) staff (including bus drivers, assistants, and food service workers); (2) up to 20 percent for security (school resource officers and security staff); **(3) up to 8 percent for essential programs in our schools, such as additional guidance counselors, social workers, and behavioral staff.** All compensation will be subject to collective bargaining. The public will have an opportunity to comment on dispersal of funds generated prior to distribution

Given that additional guidance and social workers and behavioral staff will be added and yet all schools are not currently provided a school nurse or health care support person,

Motion to provide a minimum of at least 1 onsite health care support person for the entire school day in each of the schools managed by BCPS.
