2010-11 Coral Park received a B because of the lowest quartile in reading falling below 50%. Efforts were placed in building capacity in progress monitoring, uses assessments, and securing resources.

Last year we added I-Ready. Data shows that our efforts in this area is yielding significant and steady gains (21%)

2011-12 The accountability formula changed dramatically in 2012, requiring elementary students to earn more points to show proficiency. Coral Park returned to an A due to the increase in the lowest quartile learning gains. Despite the fact that the proficiency cut scores changed significantly, we maintained our points due to the increases in the lowest quartile and learning gains and received an "A".

2012-13 Coral Park received a "B" grade. With the State changes to the accountability measures in writing, we took a significant loss of points in writing (30 points). We also lost a few points in each of the other indicators, which brought us to a low B.

2013-14 Despite the fact that we increased in writing, learning gains, and the lowest quartile areas, with the 13 point drop in science, we missed the cutoff for a "B" by 4 points and received a "C" grade. This was the first year that the intermediate grades were required to teach common core and merge in the tested NGSSS standards. In addition, the teachers received new reading and math adoptions. Coral Park also embraced the Digital 5 personalized and blended learning model. This was the last year of the FCAT Assessments.

2014-Present *The FSA Assessments.
School Grades are based on percentage of possible points:
FCAT Scale in points: A- 525 to 800 points B- 524 to 495 points C- 435 to 494 D- 395 to 434 F- less than 395
*FSA Scale in %: A- 62%-100% of points B- 54-61% of points C- 41-53% of points D- 32-40% of points F- 31% of points or less
(431-700 points) (375-430 points) (284-374points) (221-283 points) (0-220 points)
