V. MID-YEAR REFLECTION

Ms. Lesch stated that it is a requirement for the School Improvement Team to go over progress made in the middle of the year. She stated that 75 students showed progress in diagnostic tests 1 and 2.

Ms. Lesch continued to go over several questions and answers asked by the School Improvement Team. After reviewing the questions and answers, she stated that we are doing very well.

VI. PRINCIPAL UPDATES

Ms. Stearn stated that she was very thankful for the help and cooperation during the Code Black drill that took place in the morning. She said that Deputy Miller, BSO and SIU had positive feedback regarding the drill.

She was also very happy about the award ceremony that we had during the week. We had many students that received the A and B honor roll, certificates for math and reading, perfect attendance and character awards.

Ms. Stearn went on to remind the committee that we are in the middle of FTE week and it is important to monitor student attendance since this is how the school gets funded.

She stated that our students are working on "A Day of Love and Service" to commemorate Stoneman Douglas 1 year since the tragedy that occurred. We will have a moment of silence to honor those lost, and we will also carry out a modified Code Yellow for the day. This means we will have minimal movement and keep all doors locked as usual. Our Valentine's Day dance will take place on February 15th.

Finally, Ms. Stearn explained that VOC/Rehab services are working on a way to come to our school and meet with students personally in order to provide their services and figure out the next best steps for those who qualify.

VII. NEW BUSINESS

There is no new business.

Ms. Lesch called a motion to adjourn the meeting and was seconded by Deputy Miller.
