

Broward County Public Schools

Parent/Community Involvement Task Force

Meeting Minutes

Municipal Relations Subcommittee
July 11, 2011
Plantation High School

Co-Chairs: Linda Lewis, Gloria Moschella, Lew Naylor

We conducted an overview of our subcommittee purpose for any new members. Co-chair, Lew Naylor, gave members insight into how the education advisory boards work for the cities who have them. We discussed who maybe contacted should a city not have an EAB.

We “brainstormed” the types of questions we may want to ask the city representatives in collecting our data. Some questions dealt with how the city communicates with its residents, particularly those who are in rental communities.

We also discussed determining if the cities can or have reached out to community residents in order to fill the need for various programs within the schools that have suffered due to budget cuts.

A meeting was then scheduled for July 25th and co-chair Gloria Moschella planned to put together a questionnaire from our brainstorming session.
