

Broward County Public Schools

Parent/Community Involvement Task Force

Meeting Minutes

Municipal Relations Subcommittee
July 25, 2011
Plantation High School

Co-Chairs: Linda Lewis, Gloria Moschella, Lew Naylor

Co-chair, Gloria Moschella, passed out questionnaire formulated from our last meeting. We discussed any revisions or possible additions to the questions. A need for introductory language was also discussed to help subcommittee members approach city officials with some background information on our purpose. Co-chair also passed out the contact information provided by the school board with those cities who have Education Advisory Boards.

City assignments were organized and pairing up some subcommittee members was accomplished. We discussed who to contact should a city not have an Education Advisory Board. We agreed to request at least 20 minutes for an interview appointment.

We discussed whether we could request a letter be sent out from the school board to give a “head’s up” to the cities that the task force would be contacting them in the future.

We discussed co-chair Linda Lewis’ suggestion in reaching out to the precincts and whether it would be helpful or not. Subcommittee members felt it would not be helpful to them as they do not have those particular contacts, but agreed that anyone who could be of assistance in the various cities should be contacted.
