**Ms. Cunniff** from District 3 presented a very clear and brief presentation on the Redistricting Process and Guiding Principles.

### **6.2 Presentation of Newly Submitted Map Alternatives**

There were no new map submissions presented.

### **6.3 Public Comment on Newly Submitted Map Alternatives**

There was no public comment on newly submitted map alternatives.

### **6.4 Public Comment on Previously Presented Maps**

There was no public comment on previously presented map alternatives.

### **6.5 General Public Comment on the Redistricting Process**

**Ms. Rose Waters** asked, “How serious is the community’s map considered by the School Board? Will it carry any weight or will they do what they want anyway? Will they seriously take the advice of the committee?” **Chair Rajner** stated that the Redistricting Steering Committee’s role is that of an advisory board and that all proposals would be considered and sent to the School Board for their final decision. He went on to state that the committee will be proposing additions to the redistricting timeline at the School Board Workshop on May 22, 2012. The proposed additions will include meetings for the committee to develop map alternatives and public hearings for the community to comment on the map alternatives. Ultimately, all maps are reviewed by the committee and sent to the School Board. **Mr. Busey** asked for clarification on the proposed process. **Chair Rajner** stated that it was discussed and voted on at the District 1 Public Hearing and includes steps for the committee to generate maps as well as a public hearing to allow for public review and comment.

## **7. Chair’s Report**

**Chair Rajner** expressed gratitude to **Mr. Foulkes** and the Fort Lauderdale Educational Advisory Board for rescheduling their meeting in order to accommodate the requested commission chamber use by the Redistricting Steering Committee. He reminded the committee that School Board Redistricting Workshop 2 will be held on May 22, 2012 at 1:00 pm. **Ms. Krishnaiyer** asked if **Patrick Sipple** would send out a reminder for the workshop and a list of the map submission due dates. **Mr. Busey** commented that people should not be so fearful to create a map as the process takes around three hours. **Mr. Walters** asked **Chair Rajner** how many map alternatives the committee would like to present to the School Board? He also stated that the committee should start making a map alternative prior to the District 6 Public Hearing. **Chair Rajner** asked **Mr. Walters** if he indeed felt that the committee should make a map alternative prior to the District 6 Public Hearing. **Mr. Walters** replied, “Yes, and we should present more than one map alternative to the School Board. We should have at least three map alternatives.” **Mr. Chard** cautioned the committee on making the maps early. He stated that it

will look like the committee discounted the input by community members living in Districts 1 through 5. **Chair Rajner** agreed and stated that the live map making meeting will be held after the public hearings at the District's administration building. He reminded everyone that scheduling a mapping session with **Patrick Sipple** is the most effective way to generate a map alternative as it allows the map creator to see their ideas and data in real time.
