4. Approval of June 21, 2012 Public Hearing District 5 Agenda

The agenda was adopted as amended by unanimous consent.

5. Approval of June 4, 2012 Draft Public Hearing District 4 Minutes

Chair Rajner asked the committee if they had any corrections to the minutes submitted by the committee members. They did not have any corrections. The June 4th meeting minutes were approved by the committee.

6. Public Hearing

6.1 Overview of Redistricting Process and Guiding Principles

Mr. Foulkes presented an overview of the Redistricting Process and Guiding Principles.

6.2 Presentation of Newly Submitted Map Alternatives

Rose Waters presented Map Alternative 4.

- *“Roosevelt Walters and I are the creators of Alternative Map 4. We looked at communities of interests, compactness, and Innovation Zones.”*
- *Alternative 4 districts are more compact than Map Alternatives 1, 2, 3 and the current map.*
- *Map Alternative 4 doesn’t reach out to grab a group of people in order to exclude or include a group of people.*
- *Map Alternative 4 has very few jagged edges, and creates a more compact District 7 than what is found in Map Alternative 1.*
- *Map Alternative 4 follows areas of community interest better than Map Alternatives 1, 2, and 3.*
- *District 5 was made more compact than what is found on Map Alternative 1.*
- *District 3 was made more compact than what is found on the current map.*
- *“Just because a map alternative was drawn within the above/below 5% does not mean the map was drawn with regards to communities of interest. It is not a consideration, but actually a law. Maps 2 and 3 completely disregard civil rights requirements.”*
- *“Map Alternative 4 adheres to civil rights requirements by being compact.”*
- *“It was almost impossible to place I-Zones into nice neat blocks. We did consider them and tried to include them entirely into one district when possible. When we did have to split them between zones, we kept in mind fairness of representation.”*
- *Map Alternative 4 has 17 municipalities in one district, 11 in two districts, and 3 municipalities in three districts. The three municipalities are Fort Lauderdale, Plantation and North Lauderdale.*
- *“We did not simply move numbers around in Map Alternative 4. Rather, we sought to create equal opportunity and fair representation for each district.”*
- *Map Alternative 4 distributes the number of schools between each district more evenly than on the previous map alternatives.*
- *Map Alternative 4 is fair for all potential candidates.*

6.3 Public Comment on Newly Submitted Map Alternatives

Levoyd Williams, Commissioner, City of Lauderdale Lakes – Map Alternative 4 cuts out both Ely High School and Dillard High School and their zones. The racial ratios are lowered with 47% black, 29% white – what is the rationale? The best compromise is Map Alternative 5. Despite losing Ely High School, the racial ratios are better.

Jerry Graziose, Commissioner, City of North Lauderdale – Map Alternative 4 presents us with the same situation for our small city. We will be faced with people in our city voting for Board members that do not represent our schools. One objective in Map Alternative 1 is we ensured that people voted for Board members that represented their schools. Another point is the

population difference is 4.92%, almost 5%. Map Alternative 4 does not meet all the requirements according to the Redistricting Guidelines. We will not approve this map submission because it splits our city again.

Mr. DeGruccio – Pointed out that there are at least 13 municipalities and 11 I-Zones with at least 2 or more School Board member splits.

Ms. Rose – What is the listed Board member’s responsibility as related to charter school representation?

Chair Rajner – None, we are not looking at charter schools as an aspect of the Redistricting process.

Ms. Rose – Is there an advocacy role?

Chair Rajner – We will have a previous Board member to properly answer this question.

Commissioner Graziose – When charter schools are approved, the item, location, and type go before the Board as a body. The Board collectively votes, but the individual Board member in that district has no responsibility.

Patrick Sipple – The table counts the charter schools which are physically located in that district. Please keep in mind that charter schools will open and close between now and the time redistricting process is due. These numbers will fluctuate.

Mr. Chard – I am big advocate of compactness and like the approach of Map Alternative 4. I am concerned with the couple of zones that are split between 2 and 3 districts. I’ve toyed around with this and realize how impossible this feat is to do. I am not 100% sure, but I acknowledge the effort put forth.

Vice-Chair Ellison – I also commend the effort. I know from experience as well, as this being my area of my residence, that this could be good and/or bad.

Mr. Foulkes feels that the Board member should represent a cross section of the community.

Ms. Wells asked what their thought process was. **Mr. Walters** replied, “1. Having each city represented by one Board member was impossible; 2. Aligning with I-Zones is simply a wish list; and 3. We went by the Law.” He further stated that although it would be nice to have Dillard High School and Ely High School in one district, it was not possible.

Mr. Eichner – You won’t match everything. People have to recognize that the School District is countywide. I-Zones are for people with kids. Parents should vote for/within a zone and not be split. Board member districts are for voting and the kids. Redistricting should focus more on the I-Zones and not the cities.

Ms. Fertig – I would like to see a column or table that illustrates the number of I-Zones split by a Board member district.

Ms. Rose asked staff if the I-Zones can change. **Jill Young** replied that they can change as they are the same as the high school boundaries.

Mr. Busey presented Map Alternative 5.

- *“I started by trying to make very compact districts. Then I realized that the school count was way off. So, I looked at the cities and found that this too was very difficult when trying to maintain compactness. It was hard to try and not split the larger cities.”*
- *Map Alternative 5 places a lot of emphasis on trying to align with Innovation Zones.*
- *“Map Alternative 5 also protects minority rights. I tried not to diminish minority representation. To me, any fair plan would have at least one 50% plus African American population as we have now.”*
- *“As much as I tried, I couldn’t come up with two majority minority districts.”*
- *The black population in district 5 is over 50%.*
- *“My goal was to have a maximum population deviation of around 1.5%.”*
- *He stated that he was able to balance the number of high schools, I-Zones, between the districts, however, there were three bad splits. The bad I-Zone splits were Miramar, Stranahan, and Coconut Creek.*
- *“Despite my efforts to keep the City of North Lauderdale together, I feel that this is my best effort in taking account compactness and Innovation Zones.”*

Levoyd Williams, Commissioner, City of Lauderdale Lakes stated that he liked Map Alternative 5 and not Map Alternatives 2 and 3. He felt that the best maps to preserve communities of interest are Map Alternatives 1, 4, and 5 with Map Alternative 5 being the best.

Gloria Lewis, Commissioner, City of Lauderdale Lakes stated that their elementary schools feed into Dillard High School and that the I-Zone should be in one district. She felt that Map Alternative 5 was a good map.

Jerry Grazioplene, Commissioner, City of North Lauderdale felt that Map Alternatives 4 and 5 are unacceptable because they split the City of North Lauderdale.

Gwen Benton liked Map Alternative 5.

Ms. Fertig liked the way Map Alternative 5 kept the I-Zones together. She stated that she would like to see a version of Map Alternative 5 attempt to place all of the City of North Lauderdale into one district.

Mr. Eichner made the comment that if a city is represented by more than one School Board member, then they would have more of an opportunity to get what they wanted.

Mr. Foulkes felt that Map Alternatives 4 and 5 had gerrymandered districts and that the districts should cover an area of the county from east to west.

Mr. Chard didn't like the shapes of Districts 3, 5, and 6 in Map Alternative 5, but did like that it tried to follow I-Zones.

Ms. Rose liked Map Alternative 5. She also stated that the map alternatives should try and incorporate small cities into one district.

Chair Rajner stated that there is a need to protect minority rights and that the committee should look at what percent would preserve that. He suggested that this may be a question to ask District Legal Counsel.

Mr. Walters asked the question, "What determines a minority?" **Mr. Busey** stated that the Voting Rights Act looks to protect a race's ability to vote.

6.4 Public Comment on Previously Presented Maps

There was no public comment on previously presented map alternatives.

6.5 General Public Comment on the Redistricting Process

There was no public comment on the Redistricting Process.

7. Chair's Report

Chair Rajner had nothing to report.

8. Staff Follow Up

There were no staff follow up items.

9. Unfinished Business

There were no unfinished business items and none added to the agenda.

10. New Business

Jill Young presented a calendar with available dates in August, September, and October for future committee meetings. The following dates were approved by the committee:

- August 15th and 30th
- September 12th and 20th
- October 11th and 24th

Staff will try and schedule all future meetings to be held in the Kathleen C. Wright Administration Building.

Chair Rajner asked staff to extend the mapping assistance due date to July 11th. Staff agreed.

Adjourn

The meeting was adjourned at 8:05 pm.

2011-2013 School Board Member Redistricting Process Comments

email	2/23/2012 11:49:27	Jeanne Jusevic		General	<p>Dear Jill,</p> <p>Michael Rajner asked me to take a look at the web site and video of the redistricting committee. While I found the graphics a little hard to read in the video, overall I found it helpful and informative. I also found the web site easy to navigate and I understood the material posted to the web site. The only thing I would add is either a tutorial on using the map maker or doing a live tutorial on the map maker in each of the three areas. Again, thank you for making this easy for the public to access and easy for the public to understand. Well done!</p> <p>Sincerely, Jeanne Jusevic</p>
Web form	3/2/2012 18:16:38	William Vayens	Ft Lauderdale FL 33304	General	<p>There appears to be a problem with your KMZ file of the current school board districts. When imported into DistrictBuilder (or Google Maps), it only shows 4 districts, 3 of which are outside Broward County.</p>
email	3/19/2012 11:32:00	Jerry Graziose		General	<p>Good Morning:</p> <p>I have checked the School Board Members District Boundaries for my neighborhood and I find that our community is split between two School Board Member District Boundaries. If you reside south of McNab Road and west of State Road 7 within the City of North Lauderdale, you are in District #4 which is School Board Member Donna Korn's District. If you reside north of McNab Road along with the areas east of State Road 7 within the City of North Lauderdale, you are in District #5 which is School Board Member Benjamin William's District.</p> <p>Therefore, I would like to recommend that the entire City of North Lauderdale be placed within District #4. This would only impact Morrow Elementary School, Pinewood Elementary School, and Silver Lakes Middle School, all of which are in the North Area along with the other schools in District #4, while all of the other schools listed in District 5 are in the Central Area. It is a natural fit for these three schools. I will be bringing this issue up at the next North Lauderdale City Commission Meeting, which is scheduled for Wednesday, March 28, for their review and support.</p> <p>Please provide this to the Redistricting Steering Committee.</p> <p>Thanks, Jerry</p>
email	3/28/2012 15:00:00	Jerry Graziose		General	<p>Jill, Good Afternoon:</p> <p>I went on the School Districts Redistricting Web Site and the Broward County Map that is on the left side of the page, is old. The map does not show the current city boundaries, that have been changed over the last 6 years due to annexations.</p> <p>Thanks,</p> <p>Jerry Graziose, Director, Safety & Chief Fire Official Safety Department The School Board of Broward County, Florida 754-321-4200 754-321-4287 Fax</p>

Web form	4/9/2012 13:12:56	Andrew	Davie, FL 33314	General	Worked with commissioner Jerry Graziouse on completing new districting map, was honored to be part of the process. I believe the meeting was a learning process for all.
Comment card	4/16/2012 0:00:00	Jerry Graziouse	North Lauderdale	Two hour map meeting	I found the mapping workshop to be helpful and easy to understand. I also found the assistance provided by the staff to be very knowledgeable and friendly.
					When attempting to review the current map and the "Innovative" map option, I found it strange that the new "innovative" map did not have the dots showing the locations of each school. It would be helpful to show the before/after maps on a an 'apples to apples' basis so that you can understand why people are up in arms about living within walking distance of a school, yet are innovatively being redistricted to another school. I also do not see information around the reasoning behind the redistricting changes. It would be helpful to have this information listed on the website for the public to be better informed.
Web form	5/25/2012 6:39:51	Carolyn	Weston, FL 33331	Alternative 1	Thank you. I do not understand why we do not remove the children attending Cooper City Schools who do not live in the area.
					I have a neighbor whos granddaughter attends Cooper City Elem for 2 Or 3 years now but lives with her mother in Hollywood. I have spoken to the school about it. They know the situation but because the grandmother claims the child lives there, it is allowed. This is not a hardship case. The grandparents house is only 1 bock from the school. If they do not care about this child how many more are their. The representative for the school told me there were lots and asked me why I care.
Web form	5/26/2012 10:12:22	Juliann Anderson	Cooper City, FL 33328	General	Why waste the time to make the laws if you are not going to enforce them? The Riverside Park Neighborhood in Fort Lauderdale is currently split into two districts. We as a neighborhood would prefer having the entire neighborhood in one district. Stranahan HS is an important part of our neighborhood. The Board of the Riverside Park Residents Association has asked me to make this request.
google form	6/16/2012 13:59:26	David L Sloan, 3rd	Fort Lauderdale, FL 33312	General	Thank you for your consideration. THIS IS A LETTER I PUBLISHED AND I THOUGHT IT BEST DESCRIBED SOUTHWEST RANCHES FEELINGS
					Here we go again! I am referring to the school board redistricting that is occurring as we speak. Don't stop reading if you don't have school age kids because this fight belongs to all of us. We cannot sit back and continually allow the children of Southwest Ranches to pay the price of elected officials playing to the voting masses, rather than doing what is right for all of the students. As if it were not bad enough that students my son's age were re-boundaried in elementary school, middle school and then again in high school the county is now taking away our voice. Apparently school board members are bogged down by the sheer number of people in their districts and in an effort to redistribute the population more fairly between representatives, they have placed half of Southwest Ranches with the Weston representative. It can be argued that each of the members represents all of our children, but if you live in SWR, you know this is not true. It was a mere six years ago that our high schoolers were boundaried out of the school across the street, Cypress Bay. As I personally took school board members and the superintendent on tours to show them how ludacris this move was, they all stated that sometimes they have to make decisions based on the discomfort of the fewest amount of people and the benefit of the largest number of voters. Well obviously we have the smallest number of children and Weston has the largest number of voters, their message was loud and clear, the only one that sided with our town was our representative, our sole vote, our only voice. It has been a Weston area school that our children have been boundaried out of each time, so I suppose if they give us a Weston representative they will not even have to hear that sole voice or be bothered by that single vote! If you compare the number of Weston voters to the number of Southwest Ranches vote it is apparent which way our new representative will swing if she hopes to be reelected. We may be small and we may not have a ton of kids in our town but we have the right to fair representation, our students deserve to have someone with their best interest at heart, regardless of voter opinions. If you have it in you to buck the system, fight the fight, do what is right, it is not too late, call or email the school board today because our time is running out. Tell them that we want; no we demand to have our entire town represented by Patti
google form	6/22/2012 17:44:32	kathy sullivan	Southwest Ranches, fl 33331	General	It seems like Southwest Ranches should be represented by someone in their district who covers the public schools that the children in SW Ranches attend, as opposed to having them be represented by someone from Weston, since the children from Southwest Ranches do not attend their schools.

google form	6/23/2012 12:49:05	Kathy Sullivan	Southwest Ranches, fl 33331	General	We want to modify alternative 1 to include all of SWR in the West Broward innovation zone. that keeps every innovation zone in district 2 intact, The map would be altered slightly. The line would go down Griffin to Flamingo. This would keep the West Broward ZONE together. I am trying to get the map included at the Western High School meeting on July 12 at 6pm. our alternative speaks to the needs of the smaller areas that do not have a school in their city but is impacted hugely by these changes. It is also important to realize that the change I am proposing does not negatively impact any other districts. This is a community driven process and we need to make our voices heard. If we are separated in this process it will serve to dilute our already small voice in issues. Please tell me what we do next and if we can have this submitted for the July 12 meeting at Western High School,, as it is the closest meeting place for our district.
google form	6/23/2012 16:24:35	Steve Breitkreuz	Southwest Ranches, FL 33332	General	I am on the Town Council of Southwest Ranches. It is important that we keep our town in one district, rather than splitting it between districts. As we are a small town, our voice is already diminished. Splitting our town reduces our voice even more. I wish to see all of West Broward zone kept together. By redrawing the lines so that Griffin to Flamingo is included in D2 we will be able to keep our innovation zone intact.
google form	6/23/2012 16:58:09	Michael Tromans	Southwest Ranches, fl 33331	General	We want to modify Alternative Map 1 slightly by moving the northern-most line (Griffin Road) east to Flamingo Road and then south to Sheridan Street. This would serve to include all of the Hawkes Bluff boundary and keep the West Broward innovation zone intact, thereby insuring that District 2 zones are not split. I do not believe this minor change will have a negative impact to any other district but I would appreciate your help in determining how the demographics play out and its impact to both Districts 2 and 6. I would like to present this at the next redistricting meeting which I believe is to be held at Western High School. Please advise what steps I need to take to insure this can be accomplished.
google form	6/25/2012 15:38:12	marie berry	SW Ranches, fl 33331	General	Since the students of Southwest Ranches are not able to attend the Weston area schools, it make better sence to be represented by patti Good, who actually has school boundaries in her area.
google form	6/26/2012 15:30:23	Debbie Green	Southwest Ranches, FL 33332	Alternative 1	I wish to see ALL of West Broward zone kept together. google form	6/26/2012 19:16:46	Rachel Greene	Southwest Ranches, FL 33330	General	Please keep all of Southwest Ranches together as we are small and need the entire town to be together and have a little voice.
google form	6/27/2012 8:13:46	Manny Hagen	Southwest Ranches, 33331	General	I would like to keep all of Southwest Ranches in the same district and not have it split up.
google form	6/27/2012 8:27:39	Kathryn Aaron	S.W. Ranches, FL 33331	Alternative 1	I wish to see all of West Broward zone kept together. Southwest RAnches is a small town and splitting us between two districts would dilute our voice. By redrawing the lines to that Griffin to Flamingo is included in D2, we will be able to keep our innovation zone intact.

Cooper city, to be a squared off zone represented by Patricia Good. It makes common sense. When the other alternatives divide across illogical lines, the public wonders if politics trumps common sense.

I do not feel that a representative From Weston will help us in anyway. They do NOT ALLOW OUR CHILDREN TO ENTER ANY WESTON SCHOOLS. It would not be fair to them. We must protect our children from people who do not care about them.. Sincerely, Marion Hagen

RE: Town of Southwest Ranches – Redistricting Impact

Dear Mr. Sipple:

The Town Council and residents of the Town of Southwest Ranches want to thank you for your consideration regarding redistricting. As the Town Administrator of Southwest Ranches, the issue of redistricting is a concern to our residents as it also impacts our School Board representation. It is very important to the residents of our small town that our representation not be split among zones.

The Town Council, Administration and residents respectfully request the board consider that the proposal to split our Town would result in representation by two different elected school board officials. Considering that we have a common attendance boundary wherein all of the Town students are banded to West Broward High School we feel that it would be in our best interest to have one school board member for the entire Town. We do not believe this minor change will have a negative impact to any other district.

We would appreciate your help in determining how the demographics play out and its impact to both Districts. We would like to present our position at the District 6 public hearing at Western High School on July 11, 2012. Please advise what steps I need to take to insure this can be accomplished.

Thank you for your attention to this matter.

Sincerely,

Andrew D. Berns
Town Administrator
