

The School Board of Broward County, Florida is committed to providing quality educational opportunities for all students regardless of background characteristics by providing each student an educational environment that enhances the individual's educational success. The School Board of Broward County, Florida is also committed to encouraging all parents to play an active role in their children's education and to increasing the educational options available to parents and students in the public schools. Finally, The School Board of Broward County, Florida is committed to providing settings for education that promote understanding of diversity, tolerance and fair play, so that the positive tenets of a democratic society are reinforced by what students experience in schools. In accordance with School Board Policy 4001.1, this policy supports an environment free of discrimination and harassment based upon age, race, color, disability, gender identity, gender expression, marital status, national origin, sex or sexual orientation. Throughout this policy, wherever the word "parent(s)" appears, it shall also refer to "guardian(s)."

To achieve these goals, The School Board of Broward County, Florida supports educational choice as per section 1002.31 F.S. using a controlled open enrollment plan for the following choices: Innovative Programs, Magnet Schools, NOVA, Opportunity Scholarship Program, reassignments, College Academy at Broward College, Broward Virtual Schools, and the McKay Scholarship. First, The School Board of Broward County, Florida believes that School Choice should provide educational programs that promote educational excellence for all students. School Choice will offer students with different interests, talents and aptitudes, distinct choices that may enhance their educational success. Second, The School Board of Broward County, Florida believes that School Choice should be used to develop innovative instructional practices and promote systemic reform. Third, School Choice is one tool for the promotion of diversity within schools, including, but not limited to, the prevention, reduction, or elimination of minority group isolation. In addition, School Choice supports the District's goal to stabilize enrollment at selected schools. School Choice is developed, established and maintained, dependent on the needs of the District as a whole, in meeting identified school district enrollment and diversity goals.

Pursuant to Section 1102.45, F.S., BVS shall contract with state approved providers for content and for related services.

Students attending CA@BC are degree seeking, full time dual enrollment students. Students attending CA@BC complete their last two years of high school and have the opportunity to simultaneously earn a high school diploma, an Associate of Arts degree and post-secondary industry certification from Broward College. CA@BC is located at Broward College.

Computerized Random Selection Process: A computerized student selection process through which qualified students are placed into the qualified applicant pool from which students for each school are randomly selected and assigned based on identified seats available. This “lottery process” provides all students in an applicant pool an equal chance of being selected subsequent to the honoring of all assignment priorities as outlined in this policy.

Curricular Program for Reassignment Request: A student may apply for a reassignment to a curricular or Innovative Program school that offers a unique thematic program. There must be seats available at the school to be awarded a reassignment. An awarded reassignment does not guarantee placement into the curricular or Innovative program. Admission into a particular curricular or Innovative program is processed at each individual school.

Exceptional Student/504 Plan: A student whose extraordinary and/or special needs require the development of an Individualized Educational Plan (IEP) or an Educational Plan (EP), as determined by the District ESE Department.

Feeder Patterns: A feeder pattern is the progression and school assignment of a group of students from one level of school to another (elementary to middle, middle to high). A clean feeder pattern is when all the students in one elementary school are assigned to matriculate to the same middle school and/or all students in one middle school are assigned to matriculate to the same high school. A clean feeder pattern is not guaranteed and is dependent on the space available at the next level school when planning for boundary assignments.

Foster Student: A student who has been relocated due to a foster care placement into a different boundaried school zone.

Gross FISH Capacity: The Department of Education's measure of occupancy for permanent buildings and relocatables. FISH is an acronym for Florida Inventory of School Houses.

See School Board Policies 5.1 and 5.1A

Innovative Programs: Schools that provide unique or thematic instruction. Marketing will target students living within the home school boundary. Stabilization of enrollment will be from existing boundaries. Innovative Programs support unique or thematic instruction within matriculating feeder patterns. There is no District application process for students to apply for an Innovative Program. Magnet schools/programs that no longer meet the policy criteria to stabilize enrollment will transition to an Innovative Program, while continuing the implementation of thematic instruction for in-boundary students. There must be seats available at the school to be awarded a reassignment. An awarded reassignment does not guarantee placement into the curricular or Innovative program. Admission into a particular curricular or Innovative program is processed at each individual school.

Innovation Zone (IZone): An Innovation Zone (IZone) consists of a cluster of schools that includes a high school, middle school(s), elementary schools and centers. IZones divide the District into 28 representative, responsive and manageable geographic areas while maintaining the importance and influence that a big district demands. For the purposes of this policy, IZones shall also include administrative sites located within the geographic school boundary of an associated high school.

Magnet Schools/Programs: Magnet schools/programs provide an opportunity for under-enrolled schools to stabilize/increase student enrollment. Magnet schools/ programs offer specialized curriculums with an emphasis on instruction that includes a rigorously-defined sequential course of study. Magnet schools/programs provide transportation within transportation zones for those

students living more than two miles from the Magnet school. Magnet schools/programs can be total-school or program-within-a-school. Students must meet criteria for applicable program and apply within a designated time frame to be considered for placement. Magnet programs are offered at a school based upon a whole school model or a program within a school model. The whole school model provides opportunity for all students to have exposure to the Magnet theme. All elementary Magnet schools are offered as a whole school model and do not have academic criteria. Students residing outside the school boundary of a whole school Magnet program must submit an application for the Magnet program to be considered based upon seats available. The program within a school model is available for students who meet the identified criteria to participate in the program. Students must submit an application to be considered for a program within a school model.

The Nova Schools are the District's only Kindergarten through 12th grade school choice option that provides students with a seamless educational experience on the same contiguous campus. Student learning at the four schools is supported through personalized learning communities that include teaming and looping, as students receive high-quality instruction from highly qualified teachers. As students matriculate through the schools, their rigorous continuum of student learning includes nationally recognized curricular innovation through the use of technology in the elementary grades; multiple high school credit courses offered at the middle school level; and numerous honors and advanced placement courses as well as technical education certification programs at the high school. With no entrance criteria, the Nova Schools focus on preparing students for both college and the careers of the 21st century. Students must apply within a designated time frame to be considered for placement.

Opportunity Scholarship Program (OSP): Per Florida law, the Legislature shall make available opportunity scholarships in order to give parents the opportunity for their children to attend a public school that is performing satisfactorily (s. 1002.38 F.S.).

Socioeconomic Status: May be determined by indicators including, but not limited to, participation in free/reduced lunch program.

Special Program (i.e. Cluster): A placement determined for the exceptional student during the process of the Individual Education Plan (IEP). Placement in this type of classroom is determined necessary by the IEP team in order to meet the individual needs of the student.

Timeline Waiver for Charter School Closure: In the event that a charter school closes after the first day of school, the reassignment/school choice timeline as described in this policy will be waived for not more than 90 days, after the actual charter school closure, for the students displaced by the untimely closure of a charter school. Students attending the charter school at the time of the actual closure will have an opportunity to apply for a reassignment or magnet school based on seats available at the time of closure and as per any assignment priority/criteria stated in this policy.

Transportation Zone: A specific geographic area designated for a magnet school that determines eligibility for bus transportation for students residing greater than two miles from the school.

II. EXCEPTIONAL STUDENT EDUCATION/504 Plan

The School Board of Broward County, Florida is committed to a definition of diversity that includes students with special needs through the Exceptional Student Education (ESE) Department. These students shall be given equal opportunity to attend programs in light of each student's need for special services. In the case of a student whose special needs are addressed through an Individual Educational Plan (IEP)/504 Plan, attendance at a program must be consistent with the IEP/504 Plan.

The following eligibility criteria and procedures will be used for acceptance of Exceptional Education Students (ESE other than Gifted) or students on a 504 Plan:

- A. The student's IEP/504 Plan will be reviewed to verify that the student's placement is not a special program placement.
- B. The student's IEP/504 Plan will be reviewed to make sure that there are not any extenuating special considerations that would keep the student from participating in the general education setting.
- C. The Student's IEP/504 Plan will be reviewed to make sure that the services will not be ending before the beginning of the next school year thus making the student no longer an ESE student or a student on a 504 Plan.
- D. Students that apply to a Magnet middle or high school (secondary) must meet eligibility criteria at the time of application. At the secondary level, the only eligibility criteria shall be as outlined in Section IV.2.A of this policy. Students who do not meet eligibility criteria may be considered eligible based on special circumstances and will have the opportunity to submit the information listed below to the Magnet school for review by a Magnet Review Panel Team. This Review Panel will be comprised of Magnet coordinators and other appropriate personnel. The application review process may take into consideration:

1. written recommendations of teachers and/or administrators,
2. a written explanation of special circumstances indicating the student's ability to succeed in a Magnet school/program compiled by both the sending school and the receiving Magnet school,
3. an interview with the student, where appropriate, and/or
4. a student's portfolio demonstrating proficiency at the assigned grade level in reading and/or mathematics in English and/or the student's native language.

Should it be determined that a requested school is not able to provide the services identified on the student's IEP/504 Plan, the applicant shall be advised of such and may pursue school choice through the McKay Scholarship Program as outlined in section IV.8 of this policy.

If a student's IEP/504 Plan needs cannot be met while attending a choice school/program at any time during the school year, the student will be removed from the choice school and assigned to the appropriate school that is able to provide the identified service(s) in alignment with the student's IEP/504 Plan.

III. EXTRACURRICULAR ACTIVITIES

A. Eligibility - Reassignment approval does not guarantee participation into an Athletic Program/Extracurricular Activity. Eligibility requirements for all students participating in high school athletic competition must allow a student to be immediately eligible in the school in which he or she first enrolls each school year, the school in which the student makes himself or herself a candidate for an athletic team by engaging in practice before enrolling, or the school to which the student has transferred in accordance with s.1006.20(2)(a).

B. District Application Process - Parent(s)/guardian may apply to have their child attend a school through the defined reassignment process as outlined in section IV .5 of this policy.

1. INNOVATIVE PROGRAMS

A. Eligibility - All students attending a school where a School Board approved Innovative Program has been established, may have the opportunity to participate in the program. In the case of a student whose special needs require the development of an Individualized

Educational Plan (IEP)/504 Plan, eligibility criteria will be in accordance with section II of this policy. Reassignment approval does not guarantee placement into an Innovative Program.

- B. District Application Process** - If the District determines that there are seats available for students from beyond the designated boundary of an Innovative Program school, the parent(s)/guardian may apply to attend the school through the defined reassignment process as outlined in section IV.5 of this policy.
- C. Assignment Priority** - Students residing within the school's boundary will have priority for an available Innovative Program seat prior to incoming students reassigned from outside the school's boundary. If the Innovative Program meets the definition of "special academic programs" in section 1003.05(3), Florida Statute, as amended, children of military families shall have first preference.
- D. Transportation** – Students attending their home boundared school will be provided transportation in accordance with School Board Policy 5300. Students from beyond the designated boundary of an Innovative Program school will be provided transportation in accordance with section IV.5.D of this policy.

B. Application Process - The Superintendent or his/her designee shall make Magnet applications available at all schools and at the School District's administrative offices. Magnet brochures and applications will be available to the parent(s)/guardian of all K, 1st, 2nd and identified 5th and 8th grade students currently attending a Broward County Public School. The first opportunity for all applicants interested in a Magnet school/program for the following school year will be between the first school day of December and the designated February deadline date identified by the Demographics & Student Assignments Department. Written or online applications must be submitted to the Demographics & Student Assignments Department by the designated application deadline to be considered as an on-time application. Applications received after the designated application deadline will be considered during the next opportunity or until the tenth day of school. When applying to a Magnet school/program that is available in multiple locations, the parent(s)/guardian must apply to the school closest to the home address which aligns

with the transportation zone to receive transportation. When there are more eligible students than available seats in a given grade level at a Magnet school/program, the District shall select students for the grade level at the Magnet school/program by a computerized random selection process. Students who have applied and been awarded a seat in a District Magnet program within a combination school will continue in the program to the highest grade.

At the beginning of January each year, the District will evaluate the extent to which the annual applicant pool for Magnet schools reflects the geographic, gender, racial/ethnic, socioeconomic, linguistic, and special needs diversity of the District as a whole. If any identifiable group of students in the annual applicant pool according to these criteria is under-represented, the District shall recruit additional Magnet applicants from the under-represented groups before the computerized random selection process is implemented.

After the computerized random selection process, a student wait pool will be created for each of the oversubscribed Magnet schools/programs. A student will be placed in only one student wait pool at a time. Once a student is registered at any choice program/school, the student will be automatically removed from all other choice program/school wait pools within that application window. The Magnet program student wait pool will be maintained until the 10-day enrollment count, and student vacancies will be filled until that time. **Students in the wait pool who are offered assignments to a Magnet school/program must accept the assignment within the designated timeframe or the seat will be forfeited and awarded to another student in the wait pool.**

In April, following the registration deadline for all school choice options, another computerized random selection process will be conducted for Magnet program seats that become available due to parents not registering their student at an awarded school. Only applicants who applied before the designated application deadline in February who were not awarded a Magnet program seat will be included in the random selection process.

Another opportunity to submit magnet applications will be accepted by the Demographics & Student Assignments Department beginning in May through the tenth day of school. A computerized random selection process facilitated by the Demographics & Student Assignments Department will award seats to students as seats become available.

C. Assignment Priority - The following selections shall be honored in the order listed, prior to the computerized random selection process, for students meeting eligibility criteria:

1. Children of military families (who otherwise meet the eligibility criteria for special academic programs such as advanced placement, dual enrollment and International Baccalaureate for Magnet programs) shall be given first preference for admission to such programs when an application is submitted, even if the program is being offered through a public school other than the boundary school to which the student would generally be assigned (as outlined in F.S. 1003.05(3)). There must be planned space available at the school to award a seat.

2. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a full-time work schedule at the

requested school, may request through the application process that his/her child be placed in the Magnet school on a space-available basis if the employee has met the application deadline.

3. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a part-time work schedule at the requested school, may request through the application process that his/her child be placed in the Magnet school on a space-available basis if the employee has met the application deadline.

The following selections shall be honored in the order listed, prior to the computerized random selection process, for students residing in Broward County meeting eligibility criteria:

4. Students who have been relocated due to a foster care placement into a different boundaried school zone.

5. Students who move due to a court-ordered change in custody due to separation or divorce, or the serious illness or death of a custodial parent.

6. Students applying for a Magnet program and residing in the program's School Board adopted Boundary Choice Area.

7. Students presently in a Magnet school/program and wishing to continue in the same theme at the next level (middle and high) who meet the application deadline will be given priority on a space-available basis.

8. Broward County students who have a sibling who will continue at the same Magnet school/program and who meet the application deadline, will be given priority on a space-available basis. (Siblings that apply at the same time and do not have a sibling currently attending the Magnet school/program will be given priority if the other sibling is selected through the computerized random selection process when a seat becomes available at the specific grade level.)

9. Broward County students that are assigned to a boundary school whose enrollment exceeds 110% of the Permanent FISH Capacity of the school, will be granted a priority at schools with available seats. Twenty-five percent (25%) of available seats remaining after previous priorities have been honored may be awarded to students who are assigned to schools over 110% Permanent FISH Capacity.

10. Students residing in Broward County

There is no automatic approval for a student to matriculate to the next school through the magnet program process, including a prior placement in a Pre-K program at a requested school. In addition, sibling(s) of a Pre-K student are not guaranteed a magnet seat at the same school.

D. Transportation - The School Board of Broward County, Florida shall provide transportation to all Broward County students in out-of-boundary Magnet schools/programs who reside more than two miles from the Magnet school/program as determined by the established Magnet transportation zone and for Broward County elementary students residing within two miles who face hazardous walking conditions. The parent(s)/guardian understands that the child is subject to the Student Code of Conduct while on the bus. Where economically feasible, The School Board of Broward County, Florida shall also provide activity buses to and from Magnet secondary schools/programs to enable Broward County students to participate in extracurricular activities offered at the Magnet school/program, which they attend.

E. Appeals/Hardships - Students who do not meet eligibility criteria may be considered eligible based on special circumstances and will have the opportunity to submit the information listed below to the Magnet school for review by a Magnet Review Panel Team. This Review Panel will be comprised of Magnet coordinators and other appropriate personnel. The application review process may take into consideration:

1. a written recommendation of teachers and/or administrators,
2. a written explanation of special circumstances indicating the student's ability to succeed in a Magnet school/program compiled by both the sending school and the receiving Magnet school,
3. an interview with the student, where appropriate, and/or
4. a student's portfolio demonstrating proficiency at the assigned grade level in reading and/or mathematics in English and/or the student's native language.

F. Withdrawals

1. Magnet school/program placement is in effect through the remainder of the grades in the receiving school unless rescinded by the Office of Service Quality or by the School Board of Broward County, Florida. Magnet school/program placement may be rescinded at any time after documented interventions have been attempted during the school year by the Office of Service Quality for repeated violations of the Code of Student Conduct guidelines including poor attendance, excessive tardiness, or inappropriate behavior, and failure to follow school procedures. When students do not follow the rules and expectations outlined in the Code of Student Conduct, one or more of the actions listed in the Code of Student Conduct may be taken until the problem is resolved.

2. If a Broward County Magnet student moves out of the Magnet transportation zone, the student may remain in the Magnet school/program through the remainder of the grades if the parent provides transportation.

3. If a Broward County Magnet student moves out of the boundary of the Magnet school/program but still resides within the Magnet transportation zone, the student may remain enrolled at the Magnet school/program utilizing existing transportation.

4. If a Broward County Magnet student moves out of a Magnet transportation zone into another Magnet transportation zone in which the SAME THEME Magnet program is available, the Magnet student will have priority for a seat at the receiving Magnet school/program. This does not apply to students changing school level.

5. At the secondary level, students admitted to the Magnet schools/programs may remain in these schools/programs as long as the student has not been withdrawn to attend another school, public or private, and the student maintains a 2.5 unweighted GPA. Students in the Performing & Visual Arts program, will be required to maintain a 2.0 unweighted GPA.

With the exception of a secondary Magnet student attending a Performing & Visual Arts program, a magnet program without magnet academic eligibility criteria, any other secondary Magnet student who is experiencing difficulty maintaining a 2.5 unweighted GPA shall have documented opportunity to receive appropriate counseling and assistance at his/her Magnet school/program. A Performing & Visual Arts student who is experiencing difficulty maintaining a 2.0 unweighted GPA shall have documented opportunity to receive appropriate counseling and assistance at his/her Magnet school/program. However, if a student fails to maintain a 2.5 unweighted GPA (or 2.0 weighted GPA for Performing & Visual Arts) for two consecutive semesters or one full school year (dependent upon the school's schedule), with documented interventions, he/she will be ineligible to continue in the Magnet school/program and will be assigned to his/her home school, based on approved school boundaries.

Whereas a secondary Magnet school/program is identified as under-enrolled, the administration at that secondary Magnet school/program may opt to extend the time frame of the documented interventions for a student in the event that removal of that student would increase a declining enrollment trend at the school.

6. A student who withdraws from a Magnet school/program must reapply for admission according to the provision of this Policy.

7. Any request for temporary leave from a Magnet school/program must be approved by the principal of the school and the Director of Demographics & Student Assignments before the student is withdrawn. A leave of absence from the Magnet school/program shall be considered in the following situations:

a. A student may be granted a leave of absence from the Magnet school/program for the period of time necessary to complete any of the following programs or hospital stays: being a patient in a hospital for an extended period of time; being enrolled in the Board's Hospital Homebound Program; acceptance into a Board approved Alternative Education Program or other exceptional education programs; enrollment in a licensed, full-time substance abuse treatment program; or participation as an exchange student.

- b. If a family or student moves due to a court-ordered change in custody due to separation or divorce, or has a serious illness or death of a custodial parent, a leave of absence may be granted for a maximum of one (1) year.

G. Monitoring and Reporting - After the benchmark day enrollment count each school year, the first Monday after Labor Day, the Demographics & Student Assignments Department, in conjunction with the Innovative Programs Design/Support Department, will report the impact of the student enrollment. This report shall include:

1. the number and characteristics of students who submitted a completed application, registered and attends the school;
2. data reflecting the reasons for which applications were granted or denied District-wide;
3. the impact of the number of enrolled students through the seat allocation/assignment processes that enrolled on the Permanent FISH Capacity and the diversity of each school;
4. the Magnet continuous improvement action plan submitted by Magnet schools;
5. seats available at any Broward County Public School will be annually reviewed for enrollment/program needs and included in the school boundary recommendation process; and
6. any recommendations regarding modifications to this Policy or its rules.

3. NOVA SCHOOLS

A. Eligibility - The parent(s)/guardian must secure a student identification number for their child(ren) from any Broward County Public School if not currently registered with Broward County Public Schools to be considered for a Nova school. Applications will be accepted for requests in kindergarten through twelfth grade for students who meet the entrance requirements of the requested application grade. There are no academic eligibility criteria. In the case of a student whose special needs require the development of an Individualized Educational Plan (IEP)/504 Plan, eligibility criteria will be in accordance with Section II of this policy. The parent(s)/guardian must secure a student identification number for child(ren) from the boundary school, if not currently registered with Broward County Public Schools, to be considered for a Nova school placement.

B. Application Process - The first opportunity for all applicants interested in a Nova school for the following school year will be between the first school day of December and the designated February deadline date identified by the Demographics & Student Assignments Department. Written or online applications must be submitted to the Demographics & Student Assignments Department by the designated application deadline to be considered as an on-time

application. Where there are more applicants than available seats in a given grade level at a Nova school, the District shall select students for each grade level by a computerized random selection process.

After the computerized random selection process, an applicant wait pool will be created for each of the oversubscribed Nova schools. Once a student is registered at any choice program/school, the student will be automatically removed from all other choice program/school wait pools within that application window. The Nova School student wait pool will be maintained until the 10-day enrollment count, and student seat vacancies will be filled until that time. **Students in the applicant wait pool who are offered an assignment to a Nova school must accept the assignment within the designated timeframe or the seat will be forfeited and awarded to another applicant in the wait pool.**

Once an applicant has claimed the awarded Nova school seat, the applicant will be automatically removed from all other school choice wait pools for the following school year.

In April, following the registration deadline for all school choice options, a computerized random selection process will be conducted for Nova school seats that become available due to parents not registering their student at an awarded school. Only applicants who applied before the designated application deadline in February who were not awarded a Nova school seat will be included in the random selection process.

Students admitted to the Nova schools may remain in the Nova school as long as the student has not been withdrawn to attend another school, public or private, or rescinded by the Office of School Performance and Accountability due to violations per the Code of Student Conduct.

At the beginning of January each year, the District will evaluate the extent to which the annual applicant pool for Nova schools reflects the geographic, gender, racial/ethnic, socioeconomic, linguistic, and special needs diversity of the District as a whole. If any identifiable group of students in the annual applicant pool according to these criteria is under-represented, the District shall recruit additional Nova applicants from the under-represented groups before the computerized random selection process is implemented.

C. Assignment Priority - The following selections shall be honored in the order listed, prior to the computerized random selection process for students who meet the eligibility criteria:

1. Children of military families shall be given first preference for admission to such programs when an application is submitted, even if the program is being offered through a public school other than the boundary school to which the student would generally be assigned (as outlined in F.S. 1003.05(3)). There must be planned space available at the school to award a seat.
2. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a full-time work schedule at a Nova school, may request through the application process that his/her child be placed in a Nova school on a space-available basis if the employee has met the application deadline.

3. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a part-time work schedule at a Nova school, may request through the application process that his/her child be placed in a Nova school on a space-available basis if the employee has met the application deadline.

4. Students who have been relocated due to a foster care placement into a different boundaried school zone.

6. Broward County students, who have a sibling currently attending a K-12 level Nova school, who will continue to attend a Nova school the following year; (Siblings that apply at the same time and do not have a sibling currently attending a Nova school will be given a priority if the other sibling is selected through the computerized random selection process when a seat becomes available at the specific grade level.)

7. Broward County students that are assigned to a boundary school whose enrollment exceeds 110% (of the Permanent FISH Capacity of the school, will be granted a priority at schools with available seats. Twenty-five percent (25%) of available seats remaining after previous priorities have been honored may be awarded to students who are assigned to schools over 110% Permanent FISH Capacity.

8. Students residing in Broward County

Students selected to attend a Nova school will be given an opportunity to attend and remain in Nova, Kindergarten through twelfth grade, provided they remain in full compliance with all School Board of Broward County, Florida policies.

D. Transportation - The School Board of Broward County, Florida shall provide transportation to all Broward County Nova students that reside more than two miles from the assigned Nova school and for Broward County elementary students residing within two miles who face hazardous walking conditions. The parent(s)/guardian understands that the child is subject to the Student Code of Conduct while on the bus.

1. Nova school placement may be rescinded at any time by the affected Office of Service Quality after documented interventions have been attempted during the school year for repeated violations of the Code of Student Conduct guidelines including poor attendance, excessive tardiness, or inappropriate behavior, and failure to follow school procedures. When students do not follow the rules and expectations outlined in the Code of Student Conduct, one or more of the actions under the procedures in the Code of Student Conduct may be taken until the problem is resolved.
2. Withdrawals for the purpose of attending the affected student's regularly assigned public school, based on approved boundaries, shall be granted at any time.
3. Any request for temporary leave from the Nova schools must be approved by the Principal and the Director of Demographics & Student Assignments before the student is withdrawn. A leave of absence from the Nova schools shall be considered in the following situations:

 - b. If a family or student moves due to a court-ordered change in custody due to separation or divorce, or has a serious illness or death of a custodial parent, a leave of absence may be granted for a maximum of one (1) year.
4. A student who withdraws from the Nova schools must reapply for admission according to the provisions of this Policy, with no preferential treatment given for re-admission.

G. Monitoring and Reporting - After the benchmark day enrollment count each school year, the first Monday after Labor Day, the Demographics & Student Assignments Department will report the impact of the student enrollment. This report shall include:

1. the number and characteristics of students who submitted a completed application, registered and attends the school;
2. data reflecting the reasons for which applications were granted or denied District-wide;

Applications will be accepted for requests in kindergarten through twelfth grade for students who meet the entrance requirements of the requested application grade. There are no academic eligibility criteria. In accordance with the provisions of section 1002.38 Florida Statutes a public school student’s parent may request and receive an opportunity scholarship for the student to enroll in and attend an identified higher performing public school if:

1. By assigned school attendance area or by special assignment, the student has spent the prior school year in attendance at a public school that has been identified as an OSP eligible school pursuant to s. 1008.34 and the student’s attendance occurred during a school year in which such designation was in effect; or
2. The student has been in attendance elsewhere in the public school system and has been assigned to such school for the next school year; or

B. Application Process - The application window for OSP begins after the reporting of school grades. Parent(s)/guardian with a child at or assigned to attend an identified OSP school, will be notified of their eligibility during the summer. Students will have a list of schools to choose from and rank by preference. Students who move into the boundary of an identified OSP school after the application window will be provided OSP information and an application at the time of registration.

C. Assignment Priority - Every effort will be made to place students in their first choice school, but it is not guaranteed.

D. Transportation - Transportation is provided for all Broward County students opting to participate in OSP within Broward County who live more than two miles away from the awarded school. The parent(s)/guardian understands that the child is subject to the Student Code of Conduct while on the bus.

E. Appeals/Hardships - The parent(s)/guardian of a student who is eligible at an OSP school designated by the State, may request an appeal to the decision of the OSP process by calling the Demographics & Student Assignments Department by no later than 10 calendar days from the date

of notification of the decision or 10 days after the application deadline, whichever is later. A Documented Challenges Committee will be identified and appointed by the Chief Portfolio Services Officer to review all documents on a weekly basis and provide notification of decision on the parent(s)/guardian's appeal within 48 hours of the Documented Challenges Committee meeting. Hardships do not apply to OSP. A parent/guardian may request an appeal for the following circumstances:

1. incorrect address in the student information system (which must be corrected by parent(s)/guardian at boundary school and student information systems before parent is eligible for an appeal);
2. sibling (not guaranteed under OSP); or
3. documented ongoing medical or psychological reasons, confirmed by school staff and the school district's medical professional.

F. Withdrawals - Withdrawals for the purpose of the relocation of the student's parent(s)/guardian outside of the state or to allow a student to enter a private school, shall be granted at any time. Withdrawals for the purpose of a student to attend their home boundaried public school, shall be granted at any time.

G. Monitoring and Reporting - After the benchmark day enrollment count each school year, the first Monday after Labor Day, the Demographics & Student Assignments Department will report the impact of the student enrollment.

5. REASSIGNMENTS

A. Eligibility - The parent(s)/guardian must secure a student identification number for their child(ren) from any Broward County Public School if not currently registered with Broward County Public Schools to be considered for a reassignment. Applications will be accepted for requests in kindergarten through twelfth grade for students who meet the entrance requirements of the requested application grade. There are no academic eligibility criteria for reassignments. Reassignment seats will be allocated at schools that have an enrollment below 102% of their Permanent FISH Capacity, or have an enrollment below 110% of their Permanent FISH Capacity if the school has available relocatable capacity equivalent to or greater than 10% of the school's Permanent FISH Capacity and are projected to remain under such capacity.

Once a reassignment is granted, the student may remain at the reassigned school until he/she completes the highest grade, unless otherwise specified by Board Policies, or Code of Student Conduct.

Any student at a school having an enrollment below 102% of its Permanent FISH Capacity, or at a school with enrollment below 110% of its Permanent FISH Capacity where the school has available relocatable capacity equivalent to or greater than 10% of the school's Permanent FISH Capacity, that moves out of the boundaried school zone after the start of the school year will be allowed to remain at their current school through the highest grade level offered at the school upon completion of a reassignment application received by the Demographics & Student Assignments

department during that school year. Any student at a school which exceeds these limits that moves out of the boundaried school zone after the start of the school year, and notifies the school, will be allowed to remain at their current school through the end of the semester upon completion of a reassignment application received by the Demographics & Student Assignments department during that school year. After the end of the semester, the student will be withdrawn.

Any student at a school having an enrollment exceeding the aforementioned school capacity limits found not to be in compliance with the submission of registration documentation in accordance with School Board policy 5.1, will not be granted a reassignment to remain at the current school for any grade level.

If a student is requesting a reassignment to remain at his/her school for the highest grade level offered at that school, the student will be able to remain at the school to complete his/her last year.

For schools which The School Board of Broward County, Florida has approved a boundary change, and for the first year of the implementation of the boundary change, fifth, eighth, twelfth, and students attending a combination school meeting the highest-grade criteria will receive an automatic approval to remain at the current school. Transportation availability will be determined through the annual school boundary process. Transportation is not guaranteed.

B. Application Process - The Superintendent or his/her designee shall make reassignment applications available at all schools, at the Demographics & Student Assignments Department, and via the Broward County Public Schools website. The first opportunity for all applicants interested in a reassignment for the following school year will be between the first school day of December and the designated February deadline date identified by the Demographics & Student Assignments Department. Written or online applications must be submitted to the Demographics & Student Assignments Department by the designated application deadline to be considered as an on-time application. Applications received after the designated application deadline will be considered during the next opportunity or until the tenth day of school. A reassignment may be granted when it has been determined that the school has capacity based on historical enrollment trends and when a reassignment would not increase the school's enrollment beyond 102% Permanent FISH Capacity or beyond 110% Permanent FISH Capacity if the school has available relocatable capacity equivalent to or greater than 10% of the school's Permanent FISH Capacity.

When there are more eligible applicants than available seats at a reassignment school, the District shall select students through a computerized random selection process. After the computerized random selection process, a reassignment student wait pool will be created for each of the oversubscribed reassignment schools. A student will be placed in only one applicant wait pool at a time. Once a student is registered at any choice program/school, the student will be automatically removed from all other choice program/school wait pools within that application window. The applicant wait pool will be maintained until the 10-day enrollment count, and student vacancies will be filled until that time. **Students in the wait pool who are offered a seat at a reassignment school must accept the reassignment within the designated timeframe or the seat will be forfeited and awarded to another applicant in the wait pool.**

In April, following the registration deadline for all school choice options, a computerized random selection process will be conducted for reassignment seats that become available due to parents not registering their student at an awarded school. Only applicants who applied before the designated application deadline in February who were not awarded a reassignment seat will be included in the random selection process. All other reassignment applications will be considered late.

Another opportunity to submit reassignment applications will be accepted by the Demographics & Student Assignments Department beginning in May through the tenth day of school. A computerized random selection process facilitated by the Demographics & Student Assignments Department will award seats to students as seats become available.

The Office of Service Quality Directors shall review the circumstances of any reassignment application past the tenth day of school based upon the provisions of this Policy and render a decision.

C. Assignment Priority - The following priorities shall be honored, in the order listed, prior to the computerized random selection process for students who meet the eligibility criteria:

1. Children of military families. There must be planned space available at the school to award a seat.
2. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a full-time work schedule at the requested school.
3. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a full-time work schedule at a worksite within the same Innovation Zone as the requested school.
4. A confirmed, permanent School Board of Broward County, Florida employee who is the parent/legal guardian of the student, assigned a part-time work schedule at the requested school on a space available basis.

The following selections shall be honored in the order listed, prior to the computerized random selection process, for students residing in Broward County meeting eligibility criteria:

5. Students who have been relocated due to a foster care placement into a different boundaried school zone.
6. Students who move due to a court-ordered change in custody due to separation or divorce, or the serious illness or death of a custodial parent.
7. Broward County students, who have a sibling currently attending the requested school, who will continue to attend the following year; (Siblings that apply at the same

time and do not have a sibling currently attending the requested school will be given a priority if the other sibling is selected through the computerized random selection process when a seat becomes available at the specific grade level.)

8. Broward County students that are assigned to a boundary school whose enrollment exceeds 110% of the Permanent FISH Capacity of the school, will be granted a priority at schools with available seats. Twenty-five percent (25%) of available seats remaining after previous priorities have been honored may be awarded to applicants who are assigned to schools over 110% Permanent FISH Capacity.

9. Broward County students requesting placement in a curricular program not offered at their boundaried school or at a Magnet school. Reassignment approval does not guarantee placement into a curricular program or Innovative Program.

10. Students residing in Broward County.

There is no automatic approval for a student to matriculate to the next school through the reassignment process, including a prior placement in a Pre-K program at a requested school. In addition, sibling(s) of a Pre-K student are not guaranteed a reassignment seat at the same school. In the case of a sibling applicant, a younger sibling will not be automatically approved to attend the same reassigned school of the older sibling(s) unless reassignment seats are available.

D. Transportation - The District is not obligated to provide transportation for reassigned students. It is the parent(s)/guardian's responsibility to provide transportation to the reassigned school. For all reassignment approvals, the parent(s)/guardian will be notified that they must assume responsibility for transportation, attendance, and behavior of the student, and that failure to do so will result in a rescission of the reassignment. A parent/guardian of a Broward County student can request, via their awarded reassignment school, a seat on the school bus through School Board policy 5300; however, a seat is not guaranteed.

E. Appeals/Hardships

1. If a parent/guardian believes that any of the reassignment procedures listed in this Policy have been violated or has a documented hardship, he/she may appeal in writing to the Superintendent's Hardship Committee. An appeal to the Superintendent's Hardship Committee must be submitted to the Demographics & Student Assignments Department no later than fifteen (15) calendar days from the receipt of a reassignment denial letter, and a completed reassignment application must be on file as received in the Demographics & Student Assignments Department during an application window. The hardship appeal letter must describe the hardship in detail and provide all available documentation. The decision from the Superintendent's Hardship Committee constitutes the final administrative decision at all levels.

2. Hardship circumstances will be taken into consideration, dependent upon the capacity of the requested school. Hardship allocations will not increase enrollment above 102%

of the identified Permanent FISH Capacity or above 110% Permanent FISH Capacity where the school has relocatable capacity equivalent to or greater than 10% of the school's permanent capacity at that site. Should a school have, or be projected to have, enrollment at or above these limits, the only hardship approvals will be for students who:

- a. are currently attending the school and have a custodial need (death of a parent)
- b. have a sibling who has been assigned by the ESE Department to an ESE special program
- c. have an older sibling who is in 5th, 8th, or 12th grade; the younger sibling may be given a one-year reassignment only if already attending the same school as the elder sibling.

Parents will be notified if a school is beyond the aforementioned limits and that their request must meet criteria. If the hardship criteria defined above is met, parents will be afforded the opportunity to have their hardship appeal reviewed by the Superintendent's Hardship Committee.

3. A hardship appeal will not be heard or approved should the approval create State sanctions against the District due to failure to meet class size reduction or school concurrency the year of the requested hardship/reassignment.
4. Hardship appeals for schools under the aforementioned limits may be based on:
 - a. unique circumstances that prevent the student(s) from attending the boundaried school; and/or
 - b. documented ongoing medical, psychological, or safety concerns confirmed by the appropriate District staff or medical professional; and/or
 - c. students who have a specific custodial need such as the death of a parent and the student currently attends the school, will be granted a Hardship.
5. The Superintendent's Hardship Committee will begin meeting in May of each year. The Superintendent's Hardship Committee shall review the appeal and notify the parent(s)/guardian of the outcome in a timely manner. The parent/guardian must agree in writing that the committee's decision constitutes the final administrative decision at all levels prior to meeting with the Superintendent's Hardship Committee.

F. Withdrawals

1. Withdrawals for the purpose of the relocation of the student's parent(s)/guardian outside of the state or to allow a student to enter a private school, shall be granted at any time. Withdrawals for the purpose of attending the affected student's regularly assigned public school, based on approved boundaries, shall be granted at any time.

2. Granted reassignments may be rescinded at any time during the school year by the affected Office of Service Quality for violations of the Code of Student Conduct Guidelines. Whenever possible, the student will be returned to the assigned boundaried school during a scheduled break in the school year, such as at the end of the quarter or semester. When students do not follow the rules and expectations outlined in the Code of Student Conduct, one or more of the actions under the procedures in the Code of Student Conduct may be taken until the problem is resolved.
3. Should a student's reassignment be rescinded, the student may only request a reassignment when transitioning to the next school level or if deemed a special circumstance through the Office of Service Quality. Subsequent requests will not be considered except for court orders, adoption, military orders, or other unique/special circumstances with appropriate documentation.
4. Any request for temporary leave from the reassigned school must be approved by the principal and the Director of Demographics & Student Assignments before the student is withdrawn. A leave of absence from the reassigned school shall be considered in the following situations:
 - a. A student may be granted a leave of absence from the reassigned school for the period of time necessary to complete any of the following programs or hospital stays: being a patient in a hospital for an extended period of time; being enrolled in the Board's Hospital Homebound Program; acceptance into a Board-approved Alternative Education Program or other exceptional education programs; enrollment in a licensed, full-time substance abuse treatment program; or participation as an exchange student.
 - b. If a family or student moves due to a court-ordered change in custody due to separation or divorce, or has a serious illness or death of a custodial parent, a leave of absence may be granted for a maximum of one (1) year.
5. A student who withdraws from the reassignment school must reapply for admission according to the provisions of this Policy, with no preferential treatment given for re-admission.

G. Monitoring and Reporting - After the benchmark day enrollment count each school year, the first Monday after Labor Day, the Demographics & Student Assignments Department will report the impact of the student enrollment. This report shall include:

1. the number and characteristics of students who submitted a completed application, registered and attends the school;
2. data reflecting the reasons for which applications were granted or denied District-wide;

3. the impact of the number of enrolled students through the seat allocation/assignment processes that enrolled on the Permanent FISH Capacity and the diversity of each school;
4. seats available at any Broward County Public School will be annually reviewed for enrollment/program needs and included in the school boundary recommendation process; and
