VIA: Frank Till
Superintendent of Schools

SUBJECT: LEARNING GAINS DISTRIBUTION

Per your request, staff has analyzed the distribution of learning gains scores for elementary, middle and high schools within our District. Recall that the A+ School Accountability Plan measures learning gains in the areas listed below.

- Learning gains in reading for all students
- Learning gains in mathematics for all students
- Learning gains in reading for the lowest 25% of the school

The attached listings identify the schools with learning gain scores in the top 10% of each level. As per standard data analysis practice, schools that did not have a minimum of 30 students in the lowest 25% are not included in the listing of the Reading Gains for the Lowest 25%. If you have questions regarding this information, please contact Anne Dilgen, Director, Student Assessment, (954) 712-1748.
