SUBJECT: **2008-09 SCHOOL ACCOUNTABILITY RESULTS: FLORIDA'S A++
PLAN AND NO CHILD LEFT BEHIND**

Today Governor Charlie Crist and Education Commissioner Eric Smith released the 2008-09 school accountability results, which include school grades under Florida's A++ Plan for Education and Adequate Yearly Progress (AYP) under the Federal No Child Left Behind Act.

Florida's A++ Plan: School Grades

School grade calculations are based on student performance as measured by the Florida Comprehensive Assessment Test – Sunshine State Standards (FCAT-SSS) in Reading, Mathematics, Science, and Writing. The school grade formula is comprised of student performance in Reading, Mathematics, Science (Achievement Level 3 or higher), and Writing (essay score of 3.5 or higher); annual learning gains in Reading and Mathematics; and progress demonstrated by students struggling in Reading and/or Mathematics. Additionally, ten school grade bonus points can be earned by high schools if 50% or more of all 11th and 12th grade students who *retake* the FCAT-SSS Reading and/or Mathematics test meet the graduation requirement. **As a district, Broward received an “A” grade this school year.**

An examination of this year's A++ Plan results revealed that 80.5% (8 out of 10) of Broward's schools earned a grade of “A” or “B” and 93.5% of schools earned a grade of “C” or higher. Table 1 displays school grades by school type and for the District.

Examination of Table 1 reveals that:

- 117 elementary schools, 36 middle schools, and 9 high schools received a grade of A for a total of 162 schools, up from 141 last year,
- 16 elementary, 11 middle, and 9 high schools received a grade of B for a total of 36 schools, down from 39 last year,
- 14 elementary, 7 middle, and 11 high schools received a grade of C for a total of 32 schools, down from 43 last year,
- 4 elementary, no middle and 9 high schools received a grade of D for a total of 13 schools, the same as last year; however, there was a decrease in middle schools accompanied by an increase in high schools,
- 3 Broward County schools received a grade of F; of these, 2 were charter schools (Susie Daniels Charter and Discovery Middle Charter), and one traditional school (Sunland Park Elementary).
- 2 schools have received consecutive F grades over the past two years (Sunland Park and Susie Daniels Charter).

Year-to-year progress in improving school grades is as important as the number of schools earning the highest grades of “A” and “B.” In this regard, **41 schools improved by one letter grade from 2007-08 to 2008-09. Additionally, 10 schools improved their school grade by two letter grades from the prior school year.**

The school grade calculation includes a provision for high schools to earn 10 bonus points if at least 50% of their 11th and 12th grade retake students meet the score required to earn a high school diploma. **Twenty-seven of thirty eligible Broward County high schools earned the bonus points because 50% or more of their retake students met the FCAT graduation requirement. This is an increase from 17 schools last year.** In general, the trend in high school performance underscores positive effects from high school reform initiatives.

Table 2 displays school grade distributions for the State and the five largest school districts in Florida. Broward, Hillsborough, Orange, and Palm Beach Counties received a grade of A (last year Broward received an A). Broward, Orange, and Palm Beach each had over 80% of schools receiving an A and B grade. At the other end of the grading scale, the proportion of F schools in Broward (1.2%) and Orange (0.6%) was below the State (1.5%), while Hillsborough and Palm Beach had no F schools.

No Child Left Behind: Adequate Yearly Progress

The No Child Left Behind (NCLB) legislation requires that specified student subgroups (five ethnic groups, students with disabilities, students learning English, and economically disadvantaged students) in schools, districts, and the state as a whole attain adequate yearly progress (AYP) in Reading, Mathematics, and Writing. The 2008-09 proficiency targets were 65% for Reading 68% for Mathematics. In Writing, the proportion of proficient students must improve annually if the school is not at least 90% proficient. Additionally, in high school the graduation rate must continue to increase on an annual basis if it is not already deemed at or above 85%.

Table 3 displays AYP designation for all Broward schools for the years 2006-07 through 2008-09. This year the AYP targets were 65% in Reading and 68% in Mathematics. Of the 276 public schools in Broward County, 81 schools (29.3%) met AYP in 2008-09 (72 Elementary, 5 Middle, and 4 High schools). A total of 195 Broward schools (70.7%) did not meet AYP (88 Elementary, 52 Middle, 39 High, and 16 Centers and Agencies).

A longitudinal review of the data revealed year-to-year decrease in the number of elementary, middle, and high schools making AYP. However, this trend is expected in light of the continuing increase in the requirements to make AYP.

The Florida Department of Education has issued report cards for each school which provide school grades, AYP designations, supporting data, and information on options for parents. This information can be accessed through the Florida Department of Education's Web site at <http://schoolgrades.fldoe.org/>. A three year report of school grades and AYP results will be available on the Student Assessment Web site at <http://www.broward.k12.fl.us/studentassessment/AssessmentReleases.htm>. Questions or comments concerning this memorandum should be addressed to **Dr. Katherine Blasik, Associate Superintendent, Research Development, & Assessment at 754-321-2470 or Paul Houchens, Director, Student Assessment & School Performance at 754-321-4257**. This report may be accessed via the Student Assessment Web site (<http://www.broward.k12.fl.us/studentassessment/>).
