Superintendent of Schools

SUBJECT: **RELEASE OF 2011 FLORIDA COMPREHENSIVE ASSESSMENT TEST
(FCAT) RESULTS FOR GRADE 3**

The Florida Department of Education (FDOE) has released results from the 2011 Florida Comprehensive Assessment Test (FCAT) Reading and Mathematics subtests for third grade students. This memorandum summarizes these results for the District. Specifically, the grade 3 Reading and Mathematics state, district, and school-by-school summary data for the FCAT are discussed. These scores are reported as the percent of students scoring in Achievement Levels 1 to 5. In general, the data reveal a stable long-term trend in academic progress at grade 3, particularly in Mathematics. Because scoring standards for the Next Generation Standards have not been set, the 2011 FCAT results were scored using equipercentile ranking. This scoring methodology ensured similar performance at the state level between 2010 and 2011. This does not however ensure district and school level results will be similar.

A review of the assessment results indicates that:

- **Since 2007, the proportion of students scoring at or above Achievement Level 3 in Reading has *increased* by three percentage points (68% to 71%).**
- **Since 2007, the proportion of students scoring at or above Achievement Level 3 in Mathematics has *increased* by 2 percentage points (78% to 80%).**
- **The percentage of third grade students in Broward County scoring at Achievement Level 3 or higher has remained stable in Reading and Mathematics since 2008.**
- **At least 83% of Broward third grade students are eligible for promotion to the fourth grade, based upon their performance on the FCAT Reading subtest.**

Grade 3 Reading and Mathematics Results

Grade 3 FCAT performance has remained stable for the past four years in both Reading and Mathematics. Performance has fluctuated by less than one percentage point in Reading and Mathematics since 2008. Table 1 shows the results from the FCAT for Broward third grade students over the past five years. In 2011, 71% of students were proficient in Reading and 83% of students met the FCAT Reading promotion requirement.

Table 1

Broward Third Grade Student Performance in FCAT Reading

School Year	FCAT Achievement Levels*		
	% in Achievement Level 1	% in Achievement Level 2 or Higher	% in Achievement Level 3 or Higher
2007	19%	82%	68%
2008	16%	84%	72%
2009	17%	84%	71%
2010	16%	84%	72%
2011	17%	83%	71%

*Due to rounding procedures, these percentages may sum to slightly more or less than 100%.

Table 2 shows the results from the FCAT Mathematics subtest for Broward's third grade students over the past five years. In 2011, 80% of students were proficient in Mathematics.

Table 2

Broward Third Grade Student Performance in FCAT Mathematics

School Year	FCAT Achievement Levels*		
	% in Achievement Level 1	% in Achievement Level 2 or Higher	% in Achievement Level 3 or Higher
2007	9%	91%	78%
2008	8%	92%	80%
2009	9%	92%	80%
2010	8%	92%	80%
2011	8%	92%	80%

*Due to rounding procedures, these percentages may sum to slightly more or less than 100%.

Comparison to Statewide Results and Other Large Districts in Florida

The results released by FDOE indicate third grade students in Broward County continue to demonstrate steady long-term academic progress in Reading and Mathematics on the FCAT. In addition, these results indicate that Broward County students continue to perform in line with statewide averages and students in other large districts throughout the state.

Table 3 presents the proportions of third grade students scoring in each Achievement Level in Reading for Florida, Broward, and four of the largest schools districts in the state (Miami-Dade, Hillsborough, Orange, and Palm Beach). The proportion of third grade students scoring at

Achievement Level 3 or higher in Reading in Broward County (71%) was similar to the statewide rate and three of the other large counties. Table 3 also shows that the proportion of third grade students in Broward scoring at Achievement Level 1 in Reading is similar to Florida, and three of the other large districts. Broward's student proficiency rate exceeded that of students in Miami-Dade and the proportion of level 1 students was lower.

Table 3

*FCAT Reading Results (Grade 3) By Achievement Level**

District/State	Level 1	Level 2	Level 3	Level 4	Level 5	% Scoring Level 3 or Above
State	16	12	33	31	8	72
Broward	17	12	34	30	8	71
Miami-Dade	21	12	32	28	7	67
Hillsborough	16	12	32	31	9	72
Orange	17	12	33	30	7	70
Palm Beach	18	12	36	28	6	70

*Due to rounding, percent totals may sum to slightly more or less than 100%

Table 4 presents the proportions of third grade students scoring in each Achievement Level in Mathematics for Florida, Broward, and the four other large districts. The proportion of third grade students scoring at Achievement Level 3 or higher in Mathematics in Broward County exceeded the state average and all four of the largest districts in Florida. Proportionately, fewer third grade students in Broward scored at Achievement Level 1 in Mathematics than the state and four of the largest districts.

Table 4

*FCAT Mathematics Results (Grade 3) By Achievement Level**

District/State	Level 1	Level 2	Level 3	Level 4	Level 5	% Scoring Level 3 or Above
State	9	13	32	30	15	78
Broward	8	12	30	31	18	80
Miami-Dade	9	13	31	31	16	78
Hillsborough	10	14	31	28	16	76
Orange	10	13	31	29	16	76
Palm Beach	11	14	32	28	15	75

*Due to rounding, percent totals may sum to slightly more or less than 100%

School Level Results

A detailed report of performance by school is attached. Three schools demonstrated Reading proficiency rates exceeding 95%: Parkway Middle, Riverglades, and Imagine Charter Weston. In addition, the Mathematics proficiency rate exceeded 95% at ten schools: Manatee Bay, Parkway Middle, Heron Heights, Riverglades, Lakeside, Ben Gamla (5410), Pembroke Pines Charter, Florida Intercultural Academy, Imagine Charter Weston, and Somerset Academy Davie.

Promotion to Grade 4

The Grade 3 FCAT Reading test is used as a criterion for promotion to the fourth grade. According to Florida Statute 1008.25 (5) (b), third grade students are eligible for promotion by either scoring at Achievement Level 2 or above on the Reading subtest or demonstrating an exemption from this criterion through good cause. Today's data indicate that 83% of grade 3 students will be eligible for promotion based on the FCAT scores; meaning approximately 17% of students have the opportunity to demonstrate readiness for promotion via Good Cause Criteria including the Portfolio Reading Assessment conducted throughout the school year, performance on the SAT-10 Reading test, or the assessment following summer reading camp. Typically, the good cause criteria, in addition to FCAT, results in 94% of Broward's grade 3 students being promoted to grade 4 annually. This memorandum can be accessed on the Student Assessment Web site at <http://www.broward.k12.fl.us/studentassessment/AssessmentReleases.htm>. **If you have any questions regarding this release, please contact Paul Houchens, Director, Student Assessment & School Performance at (754) 321-4257.**

- To provide meaningful results and to protect the privacy of individual students, data are printed only when the total number of students in a group is at least 10 and when the performance of individuals is not disclosed. A dash (–) appears when data are suppressed.
- Percentages are rounded to the nearest whole number.

- Achievement Levels 3-5 are grouped together for comparison, since the percentage of students scoring at or above grade level is necessary for federal AYP reporting.
- Content area results are not intended for comparison across administrations.
- FCAT 2.0 scores were adjusted so that student performance can be expressed on the FCAT Equivalent scale.

- To provide meaningful results and to protect the privacy of individual students, data are printed only when the total number of students in a group is at least 10 and when the performance of individuals is not disclosed. A dash (–) appears when data are suppressed.
- Percentages are rounded to the nearest whole number.

- Achievement Levels 3-5 are grouped together for comparison, since the percentage of students scoring at or above grade level is necessary for federal AYP reporting.
- Content area results are not intended for comparison across administrations.
- FCAT 2.0 scores were adjusted so that student performance can be expressed on the FCAT Equivalent scale.

	Number of Students	Mean FCAT Equivalent Developmental Scale Score (375- 2225)	Mean FCAT Equivalent Scale Score (100 - 500)	Percent in Each Achievement Level						Mean Points Earned by Content Area			
				Level 1 (375 - 1078)	Level 2 (1079 - 1268)	Level 3 (1269 - 1508)	Level 4 (1509 - 1749)	Level 5 (1750 - 2225)	Levels 3 - 5	Number: Operations, Problems, and Statistics	Number: Fractions	Geometry and Measurement
