What's New for FCAT 2011

The 2010–2011 school year is a year of transition for the Statewide Assessment Program. Students will participate in the following assessments for this administration:

- Grades 3–10 students participate in FCAT 2.0 Reading.
- Grades 3–8 students participate in FCAT 2.0 Mathematics.
- Grades 5 students participate in FCAT Science.

Schools will no longer be selected as Calibration schools. Blue Calibration labels will no longer be produced and distributed; peach, red, and white labels will be used for all TO BE SCORED materials, as applicable.

The daily session schedule and session lengths for this administration differ from previous administrations. Districts must not deviate from this schedule without prior written approval from the FDOE.

Short- and extended-response items have been removed from all assessments.

Administration Record/Security Checklists pre-populated with security numbers of secure documents will now be available in PearsonAccess at the school level.

First school box in each school's shipment is a white box with a red stripe for easy identification.

The Grade 5 Mathematics Reference Sheet and the Science Reference Sheet are no longer perforated pages in the front of test books. They will be packaged as stand-alone pages and shipped with test materials.

There is a new braille ruler for Grades 3 and 4 students using braille materials.
What's New for FCAT 2011

- There is a new category on student grid sheets and preidentification labels for Ethnicity to capture whether a student is Hispanic or Latino. If demographic information is gridded by hand, the Y bubble must be gridded for Yes, or the N bubble must be gridded for No. Instructions for completing this category are provided on page 11 of the manual.

- Updates have been made to the Race category on student grid sheets and labels. If demographic information is gridded by hand, the Y bubble must be gridded for Yes, or the N bubble must be gridded for No next to each category. More than one Y bubble may be gridded as students may fall into more than one category. Instructions for completing this category are provided on page 11 of the manual.

Reminders for FCAT 2011

- Inappropriate actions by school or district personnel before, during, or after test administration may result in consequences such as test invalidations and/or loss of teaching certification.

- The FDOE encourages you to recycle

- Large print, braille, and one-item-per-page materials return instructions for district assessment coordinators are located in the District Assessment Coordinator Responsibilities After Testing section of the manual.

Reminders for FCAT 2011

- Forms and materials such as manuals and required documentation can be found at www.PearsonAccess.com/fl, under the Support tab.

Reminders for FCAT 2011

- If a student starts a test and leaves without finishing (for an appointment, illness, etc.), he/she will NOT be allowed to complete the test.
- No exceptions will be made once the student leaves the school's campus; therefore, if you have concerns about a student, you should not allow the student to begin.

  1. A student has an electronic device during testing.
  2. A student is cheating during testing.
  3. A student is disruptive during testing.

  Situations involving possession of electronic device, possible cheating, or disruptive behavior should be investigated and discussed with the school assessment coordinator and site administrator before a final invalidation decision is made.

- Return ALL invalidated tests with the DNS bubble(s) gridded with all other TO BE SCORED (red-labeled) materials.

- This will ensure that the student’s record is on the electronic file, but the student will not receive a score.
