ORDERING PROCEDURES

Overview

Clarke strives to give you a fast and efficient method of obtaining machines, parts and accessories. The following are policies and procedures:

Ordering

Clarke dealers may place their orders by Customer Zone, email, phone or fax.

You may need to speak to a Customer Service Representative to verify part numbers or select the right machines, parts or accessories. The following is the Customer Service contact information:

Customer Zone:	www.clarkeus.com
Toll-free Customer Service phone number:	800-253-0367
Toll-free Customer Service fax number:	800-825-2753
Customer Service email address:	csorders@nilfisk-advance.com

All orders placed using Customer Zone, email, fax or phone will be confirmed via fax or email and will be viewable on the Customer Zone. You can sign up for Customer Zone by calling 1-800-253-0367.

When faxing or emailing an order, please include the following information:

- Your purchase order number
- “Ship to” address
- Your nine-digit customer account number
- Part number for all machines, parts, accessories and item descriptions as listed in price schedules
- Include any special shipping instructions (air, lift gate, inside delivery, appointment required).
All additional costs will be responsibility of the dealer.
- Authorized signature

**Please note - Clarke cannot “add on” items to an order once it has been processed.
“Add On” items will be entered as a new order.**

Minimum Order Program

The minimum parts or accessory order is \$100 on shipments. Any orders below \$100 will incur a \$10 handling fee. Orders of \$100 or more will receive free standard freight. **There is NO minimum order on all shipments when placed electronically on Customer Zone. All Customer Zone orders for parts or accessories will receive free ground freight.**

Drop-Ship Program

Clarke will not drop-ship machines, parts or accessories outside the ordering dealer’s Area of Primary Responsibility (APR) without prior approval from your Sales Director, Division Manager or Region Sales Manager.

Shortage

Verify the number of packages received before signing the freight bill of lading. Carriers sign for the accepted number of cartons or bundles as indicated on the bill of lading. If there is a shortage at the time of delivery, note the shortage on the original copy of the bill of lading, along with the driver’s signature and call Customer Service to report shortage.

Damage in Transit

All shipments should be inspected immediately upon receipt. Do not accept any shipment showing external evidence of damage unless the freight carrier makes proper notation on your copy and their copy of the freight bill. Your shipment is carefully packed according to freight classification regulations and inspected before leaving our warehouse. Notify Clarke about any freight that is refused due to damage. All apparently “good” freight must be inspected and any concealed damage must be reported to Clarke Customer Service within seven (7) days of receipt. Any claims made after this time period will not be honored unless claim is recuperated from the freight carrier.

ORDERING PROCEDURES, Continued

Freight Program

Orders will be shipped F.O.B. Shipping Point, Shippers Choice. Third party and collect orders are F.O.B. Dock. Freight will be handled as follows:

Machine	Machine
Total Order < US \$6,000	Total Order ≥ US \$6,000
Prepaid by Clarke and added to invoice	Prepaid by Clarke

Parts & Accessories	Parts & Accessories
Total Order < US \$100 Shipping Ground	Total Order ≥ US \$100 Shipping Ground Total Order ≥ US Free Shipping Ground if order is placed on Customer Zone
Prepaid by Clarke and added to invoice	Prepaid by Clarke

If freight requirement is other than above, it will be considered special freight with handling charges such as Next Day Air or expedited delivery being prepaid and added to the invoice.

Freight Routing

Orders are shipped F.O.B. Shipping Point. Third party and collect orders are F.O.B. Dock. Our Logistics Contractor will consign all shipments. If you have specific requirements or need special services, contact an Clarke Customer Service Representative. Any additional costs associated with special freight requests are the responsibility of the dealer and will be invoiced accordingly. (includes, but is not limited to, expedited freight, liftgates, inside deliveries, etc.)

Parts Shipments

All expedited orders must be received by 3 p.m. CST in order to be eligible for same day shipment. While same day shipment is not guaranteed, all expedited orders where parts are in stock will ship either same day or within 24 hours.

All standard parts orders where parts are in stock will be shipped within 72 hours of order placement.

Ship-ins/Ship-outs

Dealers will occasionally sell to accounts that have multiple locations. When Nilfisk-Advance machines are installed outside the selling dealer's own APR, it is the responsibility of the selling dealer to contact the Clarke Dealer who handles the end-user's location. Arrangements should be made by the selling dealer to insure that the end-user is provided with the proper warranty and service support

The recommended procedure is:

1. The selling dealer contacts the installing dealer to inform them of the sale and to make arrangements for local support.
2. The selling dealer contacts the end-user to inform them of the arrangements through the dealer.
3. Machines should be shipped to the local dealer for proper set-up and installation. Once this is completed, the installing dealer sends the original Nilfisk-Advance Installation Warranty to Nilfisk-Advance Headquarters, and sends a copy to the selling dealer.
4. Upon verification of the installation, the selling dealer should promptly compensate the installing dealer. Whether the installing dealer is required to do a demonstration should be a factor in calculating the installing dealer's override.

Price Change Protection

Dealers may apply for price protection on quoted business. Requests for price protection must be applied for within fourteen days of the **effective price change date** and directed to the Sales Director for approval.

An order placed under this program must include a copy of the original quotation, end-user purchase order and the Sales Director's price protection approval.

This warranty shall not apply to repairs resulting from accidents or misuse, damage in transit, overloading the capacity of the machine, failure due to lack of proper maintenance or care as described in the operating and maintenance instructions. Minor adjustments, such as tightening of screws or bolts not connected with the replacement of parts, are not covered. Replacement of expendable wear items such as scrub brushes, pad holders, carbon motor brushes, bulbs, bags, filters and various rubber/plastic parts are also not covered. Repairs or alterations by an organization other than the factory or an Authorized Service Center are not covered and will void any Nilfisk-Advance, Inc. warranty as to the parts or systems repaired or altered by a non-authorized organization.

THERE ARE NO WARRANTIES THAT EXTEND BEYOND THE DESCRIPTION OF THE LIMITED WARRANTIES STATED WITHIN. NO OTHER WARRANTY, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS MADE EXCEPT AS EXPRESSLY STATED HEREIN. ANY STATUTORY IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, THAT ARE IMPOSED BY LAW DESPITE THE EXPRESS LIMITATION OR WARRANTIES ABOVE, ARE EXPRESSLY LIMITED TO THE DURATION OF THE WRITTEN WARRANTY. BUYER UNDERSTANDS, ACKNOWLEDGES AND AGREES THAT THE REMEDIES PROVIDED UNDER THIS LIMITED WARRANTY ARE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE TO THE BUYER. NILFISK-ADVANCE, INC. WILL NOT BE LIABLE FOR ANY OTHER OR ADDITIONAL DAMAGES, INCLUDING BUT NOT LIMITED TO INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE FURNISHING, PERFORMANCE, USE OF OR INABILITY TO USE THE MACHINE. ANY EXTENSIONS OF OR MODIFICATIONS MADE TO THIS WARRANTY BY A DEALER/DISTRIBUTOR OF NILFISK-ADVANCE, INC. ARE THE SOLE RESPONSIBILITY OF THE DEALER/DISTRIBUTOR.

All transportation or shipping charges resulting from the return of machines, parts, or accessories shall be the responsibility of the end-user. When returning, please provide an explanation of the problem and include the serial number of the machine as well as the name of the selling organization. The Technical Service department of the authorized Dealer Service Center or the factory will investigate and then contact you.

Transportation of hazardous waste or contaminated equipment is subject to various laws and regulations. In returning machines, parts, or accessories under this limited warranty, the end user must certify in writing that the machines, parts or accessories being returned have not been used for handling, clean up, or disposal of hazardous waste or hazardous materials including but not limited to such things as asbestos, anthrax etc. or if the machines, parts or accessories being returned have been used for handling, clean up, or disposal of hazardous waste or hazardous materials, then the end user must have the machines, parts or accessories decontaminated by licensed and qualified decontamination professionals and provide written certification of this decontamination signed by the decontamination professionals. These machines, parts or accessories are to be returned only to the local Nilfisk-Advance, Inc. Authorized Service Center for Warranty service along with decontamination certification.

NILFISK-ADVANCE, INC. Reserves the right to change its warranty policy without notice.
