The following three sites provide **FREE** staff development tools & support for teaching strategies, rubric scoring, and practice tests for improving student achievement in reading.

<http://www.fcit.coedu.usf.edu/fcat>

- 4th grade reading

<http://fcit.usf.edu/fcat8r>

- 8th grade reading

<http://fcit.usf.edu/fcat10r>

- 10th grade reading

FCAT Explorer also assists with reading and math: <http://www.fcatexplorer.com>

VTRP - Magical lessons wanted!

Remember to submit your **intent to apply** to the **Virtual Technology Recognition Project** by **March 15, 2002**.

This project, a lesson plan sharing opportunity, is designed to showcase your best practices and receive recognition for your achievements in the area of integrating technology into the curriculum. For further information and project details, just log into:

www.broward.k12.fl.us/etscsds/vtrp

Teachers....

Earn your inservice points online in the comfort of your home! Broward County has a wide variety of online courses in every subject and grade level. These courses are free and count for recertification. Check out the following website:

www.broward.k12.fl.us/ci/e-learning/index.html

We're adding new courses all the time! Contact Nathalie Heydet by email or call 712-1618 for more information.

 **Thanks for reading!**
Rose Parsons, Editor

Web site of the Month

<http://marcopolo.worldcom.com>

Did you say you wanted **FREE** internet content for the classroom? Well, here's the answer! Within the MarcoPolo site, you'll find panel-reviewed, standards-based links to top web sites covering The Arts, Economics,

Geography, The Humanities, Mathematics, and Science on all levels PK-Adult. There's also professional development sites. Make sure to check it out for lesson plans & top notch curriculum content for students!
