DISCUSSION

Welcome /

Minutes were tabled until the next meeting because everyone did not receive them. D. White welcomed all SAC members.

D. White gave us a detailed review of the **2018-2019** School Improvement Plan. K-1, will now alternate reading and math for their weekly PLC's (instead of reading only). Also, tardy concerns need to be brought to the attention of Ms. Wolfe, and teachers need to follow up with Ms. Wolfe. Teachers are **NOT** notified when a family receives a **BTIP** letter.

The Social Emotional Learning Plan was implemented in September 2018 by the district to make sure our kids are ok. Mrs. Settles will train Mrs. White and the grade chairs. The grade chairs will then train the teachers on their respective teams.

Dr. Eric Miller

Additions to our previously discussed crunch time plan were shared. Ms. Condee, Ms. Nolan, and Mrs. Q. Jackson will assist with the writing. We now have quarterly mock assessments instead of monthly ones, to give teachers more time in between testing to teach. Teachers personalized IFC's, since every class is different. We will have a January multi-standard mock and a March multi-standard mock. The intermediate grades (4th and 5th) will also receive push in support from selected para professionals.

Policy 2120 was discussed, Emergency Training for All (even substitute teachers)

Policy 2150 was also discussed, ID Safer Spaces. For Phase 1, \$30,000,000 will be disbursed starting January 2019. Installation of cameras and intercoms in hallways and playground, should be completed by September 2019. We're not sure when Phase 2 will begin. Phase 3 will focus more on the wants of schools, so those will most likely not be funded by the district.

Questions, Concerns, Comments

Ms. April shared that PTA wants to put in a kickball field in the area behind Coach Johnson's portable.

Ms. April suggested that team sports should be included in PE. Dr. Miller stated that Coach Johnson could include team sports in her lessons.

D. White made a motion to adjourn the meeting at 7:40 PM. Dr. Miller seconded it and the motion passed.
